Chicago Voters Settling Battle For Mayoralty At Polls

POLICE HUNT BOMBERS

Chicagoans Are Casting Ballots In Mayor Fight

Millions In Chicago Troop To Polls Today To Elect New Mayor

ARMY OF WATCHERS KEPT BUSY TODAY

Mayor Thompson Seeking Re-election—Is Opposed By Anton J. Cermak

(International News Service)

CHICAGO, April 7. — A million Chicagoans marched on the ballot boxes today to decide whether William Hale Thompson, Republican, or Anton J. Cermak, Democrat, is to be World's Fair Mayor.

An army of judges and clerks was on duty to prevent irregularities in the city's 2,987 precincts. There were more than 1,000 special election watchers.

Both Confident

Both Thompson and Cermak forces handed out statements of confidence.

"It will be a landslide for your mayor," asserted "Big Bill." "It will be the greatest majority of my career."

Supporters of Cermak, a Bohemian boy who rose from humble occupation in the Illinois mine fields to become President of the County Board of Supervisors, said there would be a swing to the Democratic column similar to that of last fall which resulted in the election of James Hamilton Lewis as U. S. Senator.

Cermak ran on a "reform" platform, urging all citizens—regardless of party affiliation—to heed his motto, "Chicago needs a change." Thompson's motto was, "Fight for Thompson—He Fights For You."

Slugging matches and lesser squabbles occurred in practically every ward. Police patrols were kept busy separating the combatants and listening to their complaints.

PA NEWC OBSERVES

Now with Easter past the city school students are turning their thoughts to the end of the present term, which, by the way, isn't very far off.

Pa Newc's gratified to know that the city fathers plan to speed along street paving work here. Comment is favorable on their prosposal to launch the first construction job within a few weeks.

Plenty of residents in certain wards of the city were treated to a belated Easter shower of city and school tax cards yesterday. Others received theirs last week.

Pa Newc notices that workers who are razing an old building on South Croton avenue, just south of East Washington street, have about completed their task.

Pa Newc is of the opinion that the police should put a check on the practice of young children making a playground of downtown streets at night. They are creating a traffic hazard, and will keep it up until some of them get hurt. Pa Newc saw a gang darting in and out of traffic in Mercer street last night, and it is a wonder that some of them were not hurt.

Deny Reports Of Managua Looters Being Shot Down

Only In One Case Has Native Looter Been Killed, And Not By U. S. Marine

MINISTER HANNA MAKES REPORT

Stories Of Wholesale Killings By Marines Are Grossly Exaggerated

(International News Service)

WASHINGTON, April 7.—Reports that there has been wholesale shooting of Nicaraguans because of conditions growing out of the earthquake and fire were denied in a cablegram to the State Department today by American Minister Hanna.

Nicaraguan guardsmen, his message said, had killed one looter and injured another, but the American Marines have neither killed nor wounded anyone.

"Such reports are grossly exaggerated," said Hanna's message. Guardia Nacional has killed one looter and wounded another. Investigation has indicated that action in both instances was justified. Marines have killed or wounded none. Commander of the Guardia Nacional after the declaration of martial law on March 31 issued order that looters would be shot on the spot. This was modified April 4 in the sense that only persons found looting valuable property would be shot."

Mayor Kline Is Operated Upon

Officially Place Quake Death Toll At Close To 2,000

Many Managua Natives Despite Warning Return To Ruined Abodes

WITHOUT WATER AND HOUSEHOLD GOODS

Red Cross In Complete Charge Of Relief, Bodies Still Being Recovered

(International News Service)

MANAGUA, Nicaragua, April 7.—Although Managua still smouldered after its destruction by earthquake and fire a week ago, scores of natives abandoned temporary shelters today and reestablished themselves in their ruined homes without household goods, light or drinking water.

They shrugged shoulders at warnings against danger from weakened walls and cleared away the debris littering their habitations. The exodus to other cities has slackened perceptibly.

The death toll has been officially estimated at 2,000, but other estimates said the total fatalities may exceed 3,000. Bodies are still being taken from the ruins by rescue workers. The Red Cross is in full charge of relief work, with officials confident that the danger of pestilence has been averted.

Four Are Held In Slaying Of Man As Hotel Is Held Up

Four Make Statements, Linking Two Of Quartet As Actual Slayers

(International News Service)

WILKES-BARRE, Pa., April 7.—Slaying of Al Janetti, nationally known Philadelphia and Wilkes-Barre fight promoter and manager, today was solved with the obtaining of statements from four men, captured after a pursuit of several weeks according to State police.

The four are Frank Leonard, 37, Clement Savage, 21, Philip Cavan, 26, and Raymond S. Schutt, 23, all of Wilkes-Barre.

Savage and Cavan, it was disclosed, were arrested in Detroit on March 26, and brought here under police guard. The other men were arrested locally.

All four men made statements which linked two of the quartet with the actual slaying and the other two with the attempted robbery which preceded it, police said.

Janetti was slain in a hotel on the outskirts of Wilkes-Barre on the night of February 14. Two of the four men under arrest, Capt. Clark said, entered the hotel to stickup patrons and one of them shot the fight promoter when he appeared from a backroom and engaged in an argument.

Not Guilty Plea Before Alderman By Volant Trio

Mrs. Phillips, Palmer And Holt Hear Charges Against Them

FORMAL HEARING TO OCCUR LATER

Mrs. Phillips Emphatic In Declaration She Is Not Guilty

Vera Grace Phillips, comely young widow of Detroit, whose home is near Volant; her brother, Kenneth Palmer, and Harold Holt, the latter two alleged self-confessed members of a bandit gang that executed the robbery of the First National Bank of Volant on August 25, 1930, entered "not guilty" pleas at their arraignment this morning before Alderman L. C. Mantz.

The plea at the arraignment, the first held for the three since their arrest in Detroit, Mich., and return to this city, was made in order that they may receive a hearing shortly.

Brought Into Courtroom

Holt was handcuffed to Palmer when brought into the alderman's courtroom by County Detective Lee and his assistant B. J. Rocks. Mrs. Phillips followed the pair ahead of the county detective as the party entered for arraignment.

The courtroom was deserted of the curious throngs usually found at important preliminary hearings in local alderman's courts. Precautions had been taken to hold the arraignment for the trio at an unan-

SAMUEL SEABURY WILL BE COUNSEL

Actual Probe May Not Start Until May 15—Walker Prepares Defense

(International News Service)

ALBANY, N. Y., April 7—Unless there is a last minute shift the legislative committee, headed by Senator Samuel H. Hofstadter, New York City Republican, to make a sweping investigation of Mayor Walker's administration, will be announced today by Republican leaders of the legislature.

Senator John Knight and speaker Joseph A. McGinnies, G. O. P. legislative chiefs, are understood to have decided upon Hofstadler as chairman of probe committee.

As soon as the committee is formally announced today a meeting will be held at which Samuel Seabury will be selected as counsel.

Actual investigation by the committee is not expected to get under way much before May 15.

Fair Rate Board Bill In Committee Hands For Extended Study

By ROBERT F. GORMAN
International News Service Staff Correspondent

HARRISBURG, April 7.—Crowded calendars confronted both chambers of the General Assembly today as the legislature met after its Easter holiday.

In the House, an even 100 bills were up for action with ten more on the postponed calendar likely to be called. In the Senate, 29 measures were ready for final passage.

Informal Conferences

While the usual Monday night session was omitted because of the holiday, many members of both Houses returned to the Capital yesterday and last night and hotel rooms and lobbies were the scene of informal conferences over plans of final adjournment, for pressing of legislation and the topic of congressional reapportionment.

A start on the latter is expected to be made sometime during the week. Unless this legislature enacts a congressional redistricting bill, all of the state's congressional delegates will have to be elected at large next year. One redistricting bill has been introduced to date, sponsored by Senator Harris, Allegheny, but its chances for passage are considered slim.

Believe Dynamite Explosion Responsible For Wreck Of Hockman Home

FAMILY ABSENT AS BLAST OCCURS

Many Other Homes In Seventh Ward District Feel Effects Of Explosion

An explosion, occurring shortly before two o'clock this morning, at the home of Tucker N. Hockman, 612 West Madison avenue, car repair foreman of the Baltimore and Ohio Railroad, at New Castle Junction, wrecked a considerable portion of the home, caused extensive damage in broken windows in homes within several hundred feet, and was heard at least three miles away. Fortunately the Hockman family was away and lives were not endangered.

Force of the explosion was upward and in all directions, and in particular in a southern direction, indicating in the opinion of the investigating police authorities, the use of dynamite. Experts of Burton Explosives, Inc., are making an investigation to determine just what was used and what amount. It is possible that the explosive used may have been some of the dynamite stolen last week at the Wampum Hardware Store, which the authorities have been making an effort to check up on.

The police are working on the theory that the intent of those responsible for the explosion were employing it as a warning, rather than attempt to injure members of the family, probably knowing that the Hockman family was away.

Damage Extensive

Damage to the Hockman home will mount into some hundreds of

Governor's Wife Hurls Charges At Public Utilities

Mrs. Gifford Pinchot Says Public Utilities Corrupting Minds Of Students

PROFESSORS TEACH ECONOMIC ISSUES

(International News Service)

PHILADELPHIA, April 7—Mrs. Gifford Pinchot, wife of Pennsylvania's utilities-crusading governor, today stood shoulder to shoulder with her husband in his opposition to power and public utility combines.

Speaking at the monthly meeting of the Philadelphia county branch of the Pennsylvania council of Republican women, Mrs. Pinchot charged the utilities with an attempt to corrupt the minds of the coming generation through their committee on public information.

"This committee," she said "has picked professors of economics from universities all over the country as retainers at a yearly fee, for which they preach an economic system that is pleasant for the utilities to hear."

Derides Teachings

She derides teachings by professors who preach against public ownership and cited their charge that public ownership is "radicalism."

Mrs. Pinchot added that "the utilities have professors in the University of Chicago and in our University here," she charged further that "the utilities also have paid for private citizens who appeared at the recent Harrisburg investigation and talked along utilities lines."

In regard to public utilities and their alleged attempts to sway school children in favor of the utilities, she said:

"Mr. Benn (public service commissioner James S. Benn) was used to get this across. It is one of the most devilish attempts to corrupt the children of this generation."

Nurses' Death Is Investigated By Fayette Coroner

Strange Death Of University Of Pennsylvania Nurse Calls For Probe

(International News Service)

UNIONTOWN, Pa., April 7.—Analysis of the stomach contents of Miss Alice Forsythe, 37, professional nurse of the University of Pennsylvania hospital, at Philadelphia, who died here yesterday under mysterious circumstances, was made today by Dr. S. C. Baltz, Fayette county coroner.

At the time of the woman's collapse, Dr. Baltz announced that he had found traces of poison after a preliminary examination. Friends of Miss Forsythe believed she took an overdose of sleeping potion which may have produced the fatal effect.

Miss Forsythe came here from Philadelphia to spend the Easter vacation with her sister, Mrs. Clyde Roseberry. She was unable to make any explanation before death overtook her as she sat and chatted with members of the family.

Dr. Baltz said he would make known the results of his examination tonight or tomorrow. He was unable to advance any motive for a possible suicide attempt.

The parents of Mary Abigail Dudd living in a village, thought it would be well to send Mary to a commercial college in the neighboring city. They bought her a scholarship in the Success Business college, good for one term of 14 weeks. The scholarship carried on its face the stipulation that the Success school reserved the right to require its students to board in homes approved by its faculty and to cancel the scholarship and require the withdrawal of any student who violated this rule. And so Mary Abigail started to school.

Mary found rooms at the home of a certain Mrs. Jones and arranged for board at Mrs. Bilkin's as recommended by the college. But in a short time the school notified Mary that she would have to leave Mrs. Jones' home. The young woman answered that she was only rooming at Mrs. Jones' home, but was taking board at the home of Mrs. Bilkins who had the recommendation of the school. Nevertheless the Success school decided that Mary Abigail Dudd was disobedient and suspended her. Whereupon she sued the college.

CHICAGOANS ARE CASTING BALLOTS IN MAYOR FIGHT

(Continued From Page One)

No serious injuries were reported. Rumors that gun play had taken place proved unfounded when investigated by election board officials.

Richard Fishman, Democratic precinct captain, reported he had received this note: "Watch your step. Don't be too active in the election or you'll be taken for a ride." He was given a police guard.

As ideal weather conditions and the last minute appeals of campaign workers promised to roll up a record vote for a municipal election, thousands of city and county police stood by to prevent heated partisanship from arousing serious rioting and bloodshed.

A special schedule of two twelve hours shifts for all policemen was ordered effective by Commission of Police John Alcock. Special details were stationed in the River wards and other sections noted for violence in previous elections. The sheriff's and state's attorney's forces were augmented by special deputies.

The entire election staff of the 16th precinct of the 27th ward, comprised of three women and two men, was removed and replaced by another crew because of the alleged failure of the judges and clerks to file notices. It was reported "floaters" were attempting to vote at the polling place. Police squads were rushed to the district.

NOT GUILTY PLEA BEFORE ALDERMAN BY VOLANT TRIO

(Continued From Page One)

denial following Mantz's reading of County Detective Lee's information which charged her with taking part in the Volant holdup.

The charge of authorities that the pretty widow was the "brains" of the Volant holdup in which $2,500 was taken, was found to bear some weight by the handful of spectators at the arraignment this morning. Throughout the reading of the informations, Mrs. Phillips consoled her brother and Holt.

Woman Leads In Talk

She appeared to know what to say and do. When the robbery information was read she exclaimed: "I certainly will not plead guilty."

And at another time:

"We are not going to say anything now. We'll wait until we speak to our lawyer and our folks."

Counsel for the three was absent from the alderman's court.

The widow who was a country girl in Volant and who later went to Detroit, appeared greatly at ease this morning. She wore a rich brown-colored fur coat a close-fitting reddish hat and a black and yellow spotted dress.

Her brother, Kenneth, sitting next to her, wore a heavy camel hair overcoat and held a black derby. But Kenneth did not wear socks! He explained to his sister that he had washed his last pair at the jail, and they had not dried in time for the arraignment.

Holt wore a dark tan suit and had a gray hat—the hat he wore when in Detroit.

Reports from the jail are that Kenneth Palmer had denied reports that he had "broken" down in confession his part of the robbery.

During the intermission between reading of the informations the two men steadfastly denied using weapons at the time of the holdup. Both Holt and Kenneth Palmer asserted they did not have guns.

Alderman Mantz, on hearing this said:

"Then you must have scared Philip Cox, the cashier."

Holt answered:

"I don't know. I was scared myself."

The question of whether the two men were being charged with the Michigan R. A. (Robbery-Arms) charge entered the proceedings of the arraignment. Since both said they did not carry weapons, they wanted to know whether the charges against them were just for robbery. Alderman Mantz said Pennsylvania does not have a law which makes a difference as in Michigan.

Mrs. Phillips then explained the "Robbery-Arms" law of Michigan. She said:

"Everybody they pick up there (Michigan) is held on the R. A. charge. They hold you for 24 hours and if they can't get anything on you they let you go."

County Detective Lee said the alleged robbers of the Volant bank were held on "R. A." charges by the Detroit police.

During the preliminary arraignment this morning Mrs. Phillips declared that her brother, Kenneth, should have been held for conspiracy, not robbery, "He was not near the bank at the time."

Mrs. Phillips Sighs As She Gazes Thru Window Upon Creek

Vera Grace Phillips, young widow held in connection with the robbery of the First National Bank of Volant, looked out of Alderman Mantz's rear courtroom window during her arraignment this morning and sighed. She was looking at the waters of Neshannock Creek.

"What do you call that river?" she asked.

"That's Neshannock creek," someone told her.

"Neshannock—I used to live on Neshannock avenue in New Castle," the widow said. "I roomed with the Beals—Mr. and Mrs. Beal."

The comely widow, who is declared by authorities to be the "brains" of the holdup that occurred in August 25, 1930, gave another look at the flowing waters that make their way several feet from the rear window of the building. She gave another sigh.

STAR LORE
JULIUS CAESAR GIVES HIS NAME TO JULY

By Arthur DeV. Carpenter

When Julius Caesar became emperor, the Roman calendar is said to have been "in a state of hopeless confusion." The emperor enlisted the expert services of Sosigens of Alexandria in 45 B. C., who made gratifying improvements: Sosigens adopted 365 1-4 days as the calendar year adding a leap year—366 days—every fourth year, and changing the year's beginning from March to January 1. September (meaning seventh) is a name in accord with the pre-Julien calendar counting the opening of the year from March. The month formerly known as Quintilis (fifth) was changed to July. Julius desired one month named in honor of himself. Thus July perpetuates his name down the ages.

to be gotten out of the way in the next month and a half, both Houses appeared ready to settle down to hard work and it was expected only a few measures on this week's calendar would produce much controversy.

One of these is the administration fair rate board bill, which today was in committee for extended study. Amended last week without knowledge of House members as to nature of the changes, the bill today stands shorn of the elective provision which was one of its main features and also provides the governor, who is empowered to appoint the proposed board to replace the Public Service Commission, may remove a member without consulting the Senate.

Harris Bill Up

The bill is expected to be brought out on the floor during the week and it is certain to meet opposition and provoke a row.

The only piece of legislation before the Senate likely to cause any debate, it was indicated, is the Harris bill for a constitutional amendment to allow a soldiers' bonus, old age pension and mothers' assistance. The bill is up for final action and considerable opposition to it has been voiced.

It is expected both Houses will remain at work through Thursday this week, because of the delayed start, but a date of adjournment for the week had not been definitely fixed.

HEAVY DAMAGE IS CAUSED BY BLAST ON MADISON AVE.

dollars. Much damage was done to adjacent homes and also to homes at a considerable distance away.

Earl W. Guy, Pennsylvania Railroad conductor, residing at 608 West Madison avenue, immediately east of the Hockman home, had the unusual experience of actually seeing the flash of the explosive used. He was lying in bed in the front room of his home, which is probably forty feet from the Hockman home, and happened to be awake, looking out the front window of his bedroom.

As the terrific blast of the explosive reverberated in a deafening manner, he saw an intensive flash of fire go southward from between his and the Hockman home. The blast was followed by the crashing of glass in the windows of his own, the Hockman and other homes on all sides, as the atmosphere was forced with gigantic force in every direction. A slight elevation to the north toward Clayton street, no doubt caused the greater force to go southward.

With practically every window in his home crashed, the members of the Guy home were naturally awakened and greatly startled but Mr. Guy immediately called the police.

Officers Lockard, Dukes, Hagan and Criswell rushed to the scene. Criswell and Hagan were detailed to keep watch over the home to prevent possible theft of valuable articles from the home. The others made a detailed investigation. The investigation is being continued today by Detective C. G. Logan and Officer Charles Longstreth.

Heard Persons Running.

Mrs. Matthew Jordan, 523 West Madison avenue, awakened by the terrific explosion, heard immediately after the explosion the sound of several persons running down the street toward Liberty street. It is probable that these were the persons involved in the explosion. She did not see them.

The explosive was placed at the northeast rear corner of the Hockman home. When it let go, it tore out a number of concrete foundation stones of the cellar wall. Weather boarding was ripped loose and shattered by the great force of the explosion. The rear porch immediately adjacent to the point of explosion was badly damaged. Part of the ceiling of the porch was torn off.

Much of the force of the explosion went through the opening in the cellar wall and broke off the heavy drain tile running from the upper floors down this corner of the home. Pipes of the hot air heater and the smoke pipe were loosened. The cellar was filled with soot. The kitchen cupboard containing the dishes was at that side of the house and all the dishes were broken. Nearly every window on the east and west sides of the home were shattered. There was destruction and debris in every part of the home.

Many Windows Broken.

The Guy home to the east was almost as badly damaged. Thirty-one large lights of glass in the windows were shattered on all sides of the home. At the home of Anthony Buchman, 607 West Madison, almost directly across the street, every window in the front of the home but one was shattered. There were also others in the house broken.

At the home of David Bender, 609 West Madison avenue and across the street, several windows were broken. Two windows were broken at the home of L. Clark Godwin, 613 West Madison avenue, which is also across the street. Eleven windows were broken at the home of G. H. Scheidemantle, 606 Madison avenue, two doors east of the scene of the explosion. A rear window in the Fred Kerr home on West Clayton street, immediately in the rear of the Hockman home, was also broken. It is reported that there were many others broken here and there.

The force of the explosion was felt at Sunny Side, nearly three miles distant, and almost directly south of the scene of the explosion.

A sad feature of the entire affair is the fact that Mr. Hochman and his family were in Keyser, W. Va., where they were called by the serious illness of the former's father.

Mrs. Hochman and sons Norval and Oliver returned at 8 o'clock only to be greeted with the information that her home had been wrecked by an explosion. Mrs. Hockman was overcome by the sight of her badly wrecked home and she and her sons are being cared for by neighbors, due to the fact that the home is not habitable at the present time. Mr. Hochman remained behind due to the fact that his farther's condition is such that he may not live. According to the police, a message was received today by the family telling of the serious illness of a brother-in-law.

Mr. Hockman has been here five years in charge of the car repair force of the B. & O., being transferred here from Akron. While he has no enemies that are known, it is feared that the explosion was the work of some person or persons with a fancied grievance.

According to the information obtained today, the loss sustained by Mr. Hockman and the others of the district is total, their insurance not covering such a misfortune, especially as it was not followed by fire.

Scores Helped Past Two Months

Report Of Associated Charities Is Given To Community Chest Round Table

February and March have been busy months for the Associated Charities, according to the report of Miss Della Glenn, general secretary, submitted at the Community Chest Round Table meeting and at the board meeting Monday evening.

The Associated Charities gave out 176 cards to local people really in need of Mayor's Relief during March and about 100 the month before. With the Mayor's Relief closing, the Associated Charities and other Community Chest organizations, and County Welfare Officer Hogue.

Of untold value was the relief given by the Mayor's committee. Hundreds and hundreds of unemployed were given help during the greater part of the winter.

At the Community Chest Round Table meeting it was decided to do everything possible to encourage the making of gardens. A committee was appointed to secure seeds to help families that could not afford to buy them.

In February and March the following supplies were given out by the Associated Charities, with office at 8½ East street:

Coal—7 tons.
Grocery orders—6.
Baskets of groceries—97.
Pairs of new shoes—30.
Pairs of new stockings—188.
New bloomers—18.
New trousers—14.
New waists—15.
Infants new garments—56.
New underwear—24
Meals furnished—20
New dresses—8
Sweaters—7
Gloves—4 pairs
Towels—22
Night gowns—10
Blankets—7

Second hand clothing given out during the two months are:

Shoes—36 pairs
Dresses—25
Coats—15
Men's suits—8
Men's shirts—14
Men's trousers—6
Overcoats—4
Women's suits—2
Sweaters—5

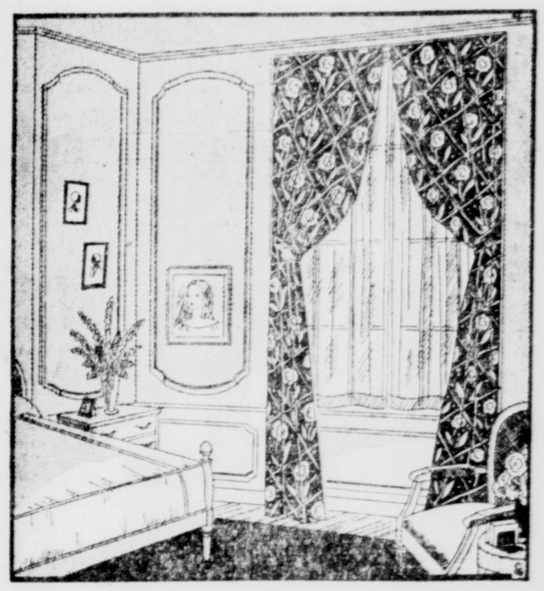

The general secretary also reports that 27 investigations were made, medicine was bought for 3 families, milk was furnished to 45 families, 3765 pints of milk were given out, and letters were written to 10 outside agencies.

All this relief work was made possible through the Community Chest, and many families who would have otherwise been hungry were given aid.

"Unemployment" was the chief cause of distress.

So many people are like Amendments. They work very well except where they are needed.

Few Millionaires Found In Germany

(International News Service)

BERLIN, April 7.—There are only 115 persons out of the 62,500,000 inhabitants of Germany who can call themselves millionaires in the American sense, having more than one million dollars to their name, according to the Reich Statistical Department.

The number of people owning more than two and a half million dollars, or 10 million marks, amounts to the humble figure of 40.

German statistics, however, count 2455 persons who are called millionaires because they possess more than one million marks for $250,000.

ALMIRA HOME LADIES ENTERTAINED MONDAY

Bouquets of beautiful spring flowers graced the halls of the Almira Home Monday afternoon when The Current Events of '23 Club entertained the ladies of the home.

Mrs. H. E. Marshall Sr., chairman of the Lawrence county home department of the federation, was in charge of the program, which proved most delightful, while Mrs. M. R. Newberry led the singing of favorite old southern melodies.

Those participating included Mrs. Wilbur Flannery and Violet Shuler, who gave piano numbers; Mrs. Flannery playing the beautiful "Leiberstraum, by Liszt", while Miss Shuler pleased with "Improvisation", by MacDowell; Mrs. W. H. Shepler entertained with several readings which were well received. Mrs. S. M. Matheny, president of the Lawrence County Federation of Women's Clubs, who was a special guest of the occasion, brought cheerful greetings from the federation to the residents of the home.

A report was made stating that over 350 towels had been sold by members of the club for the benefit of the blind. These were made by blind ladies of this city. Mrs. C. W. Mayberry, president of the Current Events '23, urged the splendid work continue, as the proceeds are being used to great advantage.

Tasty refreshments were served by the committee in charge at an appropriate time.

Mrs. Sloan in her gracious manner made it possible for everyone present to enjoy themselves to the utmost.

The meeting to be held on April 20 will be at the home of Mrs. James Jordan, 214 Crawford avenue. Election of officers will take place at this session.

Philemon Class

The Philemon class of the Church of the Nazarene met Saturday evening with David Wheal, 216 Smithfield street, for the regular monthly meeting.

Merril Downing, class president, opened the meeting and the devotions were conducted by Rev. Charles Whetsell, teacher of the class, with Earl Baker offering prayer.

At the business session officers were elected and plans made for future meetings. Special music by D. C. Wheal, Lloyd Moore and Earl Baker, with Mrs. D. C. Wheal at the piano, was enjoyed.

Mrs. Wheal served a delicious lunch at the close of the evening.

Easter Birthday Dinner

A social event of Sunday afternoon was the Easter birthday dinner served at the home of Mr. and Mrs. Robert Keller on the Pulaski road honoring their birth anniversaries. Following the serving of a delicious menu at 1 o'clock, the guests enjoyed the remaining hours informally.

Those participating included Mr. and Mrs. Henry Trax, Michael Comisky of Imperial, Mrs. Laura Comisky and daughter Frances, Mr. and Mrs. Joseph Keller and sons Lee, George and Richard and the honor guests.

BRIDE-ELECT HONORED BY SOCIETY MONDAY

Miss Angie Colnot, a bride-elect of the near future, was pleasantly surprised Monday evening when the Intermediate Society of the Third United Presbyterian church gathered in her home on Ray street.

When the evening was at its heighth, the guest of honor was presented with a beautiful gift in behalf of the Society by Oliver Theophilus and Alfred Hook.

Later, the usual business session was in order, with M. Scheidemantle presiding in an efficient manner.

A delicious lunch was served by the social committee comprising Lorraine Hook, Charleen Bates, Mary Irene Taylor and Dorothy Eakin. Games of a wide variety were played, and music also helped to fill in the leisure time. An added feature was the piano selections given by Miss Eliabeth Eakin.

The next meeting will be held on May 4, at the church. The activities will begin promptly at 7:30 o'clock, on this date.

OFFICERS ELECTED AT CLUB MEETING

Chicago Pageant Club.

The Chicago Pageant club met Monday evening at the home of Mrs. William Andrews, 1103 Highland avenue, with Mrs. W. J. Neff, Mrs. W. P. Morrison and Mrs. Vickery as joint hostesses.

Thirty members were present and after Mrs. Campbell, president, had brought the business session to a close, a period of games ensued, with delicious refreshments being served by the committee.

May 4 will mark the date of the next meeting, which will be in the home of Mrs. Vickery, on Boyles avenue with Mrs. Hattie Nowling, Mrs. Hoyle, Mrs. Margaret Sherbine and Mrs. Alice Taylor as joint hostesses.

Carlson-Lundy Marriage.

Mrs. John Carlson of Jackson avenue announces the marriage of her daughter Alma to George Arthur Lundy, son of Mr. and Mrs. R. W. Lundy of the Wilmington road.

The ceremony was performed on February 7 at Beaver Falls with the Rev. Floyd Barr, pastor of the First Presbyterian church there, officiating with the ring service. The young counle were attended by Mr. and Mrs. Edward McKissick of this city.

For the present Mr. and Mrs. Lundy will reside with the bride's mother. The former is associated with the Pennsylvania Engineering Works here.

BRIDE-ELECT HONORED AT EVENING PARTY

The home of Florence Weinberg, South Mercer street, was the scene of a merry Easter party Monday evening, when members of the Aurora bridge club, and a few friends were entertained in honor of Miss Clara Waldman, a bride elect, whose mariage to Sidney Altshuler will be an event of June 14.

The early hours of the evening were spent at bridge, four tables being in play and at the conclusion of the game prizes were awarded Mrs. Eli Kaplan, Mrs. Bernard Kline, Mrs. Maurice Samuels and Eunice Woodcock.

At a late hour the guests were invited to the dining room where a gorgeous table was arranged for twenty guests, pastel shades being effectively used in the appointments a pineapple lamp of variegated colors shed a beautiful light over the decorations, which consisted of "Min," "Andy Gump" and "Little Chester," placed under the lamp as the guests of a miniature bride and groom, who were labelled "Sid and Clara" at the extreme ends of the table beautiful brass candelabras were used, holding yellow tapers, vases of cut flowers were arranged between the tapers and the centerpiece.

Special guests included, beside the bride-elect: Mrs. Charles Gassner of Washington and Mrs. Lour Abromowitz of Detroit, Mich. The special guests were also presented with lovely gifts from the hostess.

Mrs. Julius Cobb, who leaves shortly on an extended western trip was also presented with a remembrance gift by the hostess.

Spaghetti Supper

Mr. and Mrs. Hudson Everhart of Frank avenue entertained a group of guests in their home Monday evening, at a spaghetti supper in honor of their son James, the occasion being his birth anniversary.

Covers were laid for 14 at the nicely appointed table, with tones in keeping with the season being carried out in an effective manner.

Those who participated were: Mr. and Mrs. James McKnight and children Junior, James and Florence Anne, Mr. and Mrs. W. L. Campbell and children Marian and Ruth, Mr. and Mrs. John Pontius and son Robert, Mr. and Mrs. Everhart and children Ruth and James, the latter who received many handsome gifts in memory of the day.

Cards formed the main entertainment during the balance of the evening.

Entertains For Dorcas.

Seventeen members of the Dorcas Circle of the First U. P. church attended the first monthly meeting of the circle's new year last night, held in the home of Mrs. Margaret Hanna, East Lincoln avenue. Miss Virginia Schafenocker was associate hostess with Mrs. Hanna.

The devotionals led by Miss Lucille McConaghy opened the evening's program, the theme of which constituted a missionary topic. Speakers were Miss Dell Davidson, Miss Sara Patterson and Mrs. Glenn Lockhart.

Mrs. James Crawford, newly-elected president of the organization was in charge of the program, which came to a close with an enjoyable social period.

Return From California

Mrs. J. B. Nielson and daughters Miss Virginia and little Marjorie Mary Jane, returned from a three months sojourn to California to their home on Hazelcroft avenue Friday evening.

They visited at San Diego, Pasadana, La Jolla, and at San Monica. They were guests of Mr. and Mrs. William J. Fox of 3010 Fourth avenue,and Harry Euwer, the latter a former New Castle resident. Also, they visited Mrs. Theresa Mae McVoy of Long Beach, formerly of this city.

They report having a most enjoyable trip.

N. B. Club

Members of the N. B. Club were charmingly entertained at the home of Mrs. William Hamill on Huey street. Cards formed the main diversion, and at the close of play, prizes for honors were awarded to Mrs. E. Cox, Mrs. Joe Campbell and Mrs. Tom Donelly. Lunch was served at a late hour by the hostess, the small tables being prettily decorated in tones of the season for this purpose.

In two weeks, Mrs. Joseph Leyde of Neshannock avenue will receive the ladies.

Wedding Announcement

Mrs. Earl C. Book of Park avenue, announces the marriage of her sister, Katherine Mehard of New Castle to Edgar L. Thomas of Cleveland, Ohio.

The ceremony was performed on Saturday, March 14 at Mercer, with the Dr. Small officiating with the ring service.

The couple were attended by Russell Rodenbaugh of Cleveland, Ohio.

Mr. and Mrs. Thomas will take up their residence in Cleveland.

SPRING OPENING AT FIELD CLUB SUCCESS

The New Castle Field Club, beautifully decorated in keeping with the Easter season and dimly lighted, made an ideal setting for the gorgeous evening gowns worn by the ladies Monday evening, when they gathered for the formal spring opening event.

The affair, which was most spectacular, was well attended by the club members and their guests. Dancing was in vogue from nine until one o'clock to strains of music played by a prominent orchestra, and during the same hours cards were also enjoyed as another diversion for those not wishing to dance. At the conclusion of the game it was discovered the lovely success awards were won by Mrs. H. A. Wilkinson and Mrs. E. A. Fenton.

The serving of a very delicious buffet supper from 11:30 until 12:30 o'clock chronicled the close of a most memorable evening, which proved most successful as well as enjoyable.

The card committee, Mr. and Mrs. W. K. Hugus and Mr. and Mrs. H. Rappold, together with the dance committee, comprising Dr. and Mrs. W. W. Horner, Mr. and Mrs. Charles Johnson Jr., Mr. and Mrs. Gordon Klein, Mr. and Mrs. W. K. McAfee, Mr. and Mrs. R. M. Garland, John G. Would You Pay $1.00 To End Rheumatism?
New Medicine Guaranteed to Break Rheumatism's Grip in Less Than a Week or Money-Back.
EASES PAIN FIRST DAY
Think of the joy of waking up in the morning without any rheumatic aches or pains—without stiff, swollen joints or sore, lame muscles.
And that joy should be yours—a $1 bottle of Ru-Ma is absolutely guaranteed to end all misery in your bones, muscles and joints, caused by rheumatic poisons, in less than a week or your money back.
No long, discouraging wait while the pain goes on; Ru-Ma eases pain the first day. Magically your muscles and joints limber up, swelling vanishes, aches and twinges disappear, away go limping and hobbling, crutches and canes.
That is why Eckerd's and other local druggists invite every rheumatic sufferer to try Ru-Ma under an iron-clad guarantee of money back if it does not completely end rheumatism.

GOLD STAR PILGRIMS

LAST year the government at Washington took several hundred "gold star mothers" on a tender pilgrimage to Flanders field, where each sought out from those rows upon rows her own little cross, there to kneel, whisper a prayer and shed a tear. The mothers of the boys who did not come back had come to them.

The war department is now preparing to send another group of mothers of Americans who lost their lives in France, to those pathetic war cemeteries over there. Some of them will arrive at the end of their pilgrimage on Memorial Day.

Can a grateful country do less for the mothers who made for their country the greatest sacrifice a mother can make? It has honored the dead, cared for the disabled and provided for the dependents. Now the mothers of the dead are seeing their deeds recognized.

This recognition means a lot to these pilgrim mothers. It is more than a gesture. For most of them it means their first and only opportunity to visit the graves of beloved sons from which they have been separated by thousands of miles of land and water. How many of them must have hoped and prayed for the chance to gaze upon the last resting place of their heroic sons before they die? It was a comfort their country could not deny them.

THUMBS DOWN ON BANDITS OF THE SCREEN

Will Hays, on the occasion of his re-election as the ruler of the moving picture industry, calls attention to the fact that the public is beginning to get very weary of the exploitation of the American gangster in the films. He says the handwriting on the wall tells the producers that "America is largely through with the post-war preoccupation with morbidity and crime in literature and drama. The orgy of self-revelation which marked such a large portion of modern authorship is passing. We have a new younger generation, now rising from the jazz age, that promises to support clean, high-purposed entertainment." He adds that in recent months the motion picture has done much to debunk the gangster. According to his point of view, the insistent message flashed upon screen has been, "You can't get away with it." In other films ridicule has been trained on the bandit and gunman in order to "remove every shred of false heroism that might influence young people."

This is very beautifully put; but Mr. Hays must have missed seeing some of the gang and racketeer pictures that have been exhibited during the last year wisely reflects the Inquirer of Philadelphia. If he had viewed them critically he would have discovered that many of them have produced just the opposite impression to that which he mentions. It is true the chief crook meets with a sudden and violent end; but he is usually portrayed as a man of iron, one who meets danger fearlessly and who dies with a smile on his lips. Do the producers imagine that films of this kind "remove every shred of false heroism" from the character of the gangsters? On the contrary, young boys are apt to endow them with virtues which they have never possessed. It can not be repeated too often that the average bandit is a coward at heart. He shoots down innocent victims without the slightest compunction and when he is caught whimpers for mercy.

It is gratifying to know that the producers intend to "lay off" these crime pictures in the future; but it would have been more to their credit if they had done so before the public had, in the words of Mr. Hays, "voted thumbs down on hard-boiled realism" on the stage. He speaks of the American public as "the greatest of all censors." If that be true, the public often makes a bad job of it. However, it is encouraging to be told that pictures based on history, travel and other educational themes are in demand at the present time. This is a proof that the people are not solely interested in sex and crime. The "movies" play an important part in life just now; and we do not believe that producers would be running a very great risk if they worked on the assumption that the great majority of their patrons are willing to support wholesome pictures.

DEPLETED STOCKS

Dr. Julius Klein, assistant secretary of commerce, is no Pollyanna but he is a recognized authority on business and an expert timer of the pendulum of business. So when he talks prosperity the country instinctively looks for it and has faith in its return.

Just now he is optimistic. His optimism is not based on current operations of the mines, mills and factories nor upon the state of the farmers and labor. The barometer he reads and from which he derives solace is the national inventory.

Government figures, he reports, show fewer goods on the shelves of merchants now than in many years. Many lines are well-nigh down to the board. Others are rapidly getting there. They must replace their stocks and before they can supply the merchants the jobbers, whose inventories also are down to rock-bottom, must go to the factories. Accelerated wheels of industry must be the result.

The spark necessary to set the whole thing off may come from the spring revival of construction, cultivation and public works. They may furnish the employment that will supply the wages that will supply the trade that will send the merchants to the jobbers and the jobbers to the factories and the factories into the labor and raw material markets. That is what the country wants and it cannot come too soon.

All Of Us

The World You Can't Explore
It Belongs to Children
No Intrusion

By MARSHALL MASLIN

Children are funny creatures and people who say they understand them probably do not. They remember what they DID when they were children, but it's hardly likely that they know now what they thought in that remote age.

Almost every child I've ever known lived two lives. He asked questions of grownups and collected a fund of that kind of information; he had quite another mass of knowledge that he gained from other little boys and girls. He seemd to have certain opinions about his elders, while some of these opinions were not his own, he had worked out the others for himself. You could never quite tell which opinions he was giving you when he answered qour questions. Most of the children I've known seem to admit that a spanking or some kind of punishment is necessary, because there are times when they are "bad".

And they have a lore that descends to them from slightly older children and is not imparted by their fathers and mothers.

If a little boy is ticklish, he "likes girls". If he puts a poppy up to your throat, he can tell whether you like butter or don't. A small child with a gleam in her eyes comes home from school and recites:

"Railroad crossing: Look out for the cars!
Can you spell that without any r's?"

* * *

Or she sings out to you, "Constantinople, yon can't spell it!" Or her brother asks you, innocently, "Do you want a stamp?" and when you say you do, he plants one of his small feet down on yours and shouts "There it is!" "Eenie, meenie, minie, moe!" and "Ibbitty, bibbitty, bibbibby sab!" are as sure as measles nad whooping cough; nearly every youngster, at some time or other, wishes he had a wishing stone; they all go down the street trying not to step on cracks because that would break their mothers' backs; they run pell-mell past you, shouting, "Last one to the corner is a nigger baby!"

And before they've begun to know the English language they start twisting it out of shape and make up sentences like "Cangree yougree comegree outgree togree playgree?"—which no grownup is supposed to understand.

* * *

It's an odd world the youngsters live in, and you mustn't intrude. You couldn't get in and they wouldn't allow it. You must laugh at their jokes, you mustn't laugh at them. You must answer their questions but you mustn't ask them too many questions or they'll turn into clams right before your eyes. And you can never "—down to their level,' because it's not really a level at all—but a state of being.

Just Folks

By EDGAR A. GUEST

AT THE END

In spite of the burdens that trouble us all,
In spite of life's sorrow and anguish and care
There is always some glorious day to recall,
There is always remembrance of happiness rare.
However we grumble at life we still own
Some memories pleasant we're glad to have known.

Something of life has been tender and sweet;
Some friends we've loved have been gentle and true;
In spite of the trials we all have to meet,
In spite of the difficult tasks we must do.
Still something of beauty and splendor remains
To comfort the heartaches and pay for the pains.

We mourn in our sorrow and whimper at care.
We fret through a trouble and frequently sigh;
We doubt the good Lord in our days of despair
As if never His sun had been seen in the sky.
But always we find we have memories glad.
Built out of the friendships and joys we have had.

JUST UNNATURAL.

California laws do not permit hunters to shoot female deer, and every hunter is supposed to know that female deer do not have antlers.

One day last summer, a hunter on the side of Mount Hamilton, in that state, shot and killed a female deer, which had antlers fifteen inches in length. Technically the hunter was subject to arrest and fine, but he was not arrested, as the State Fish and Game Commission said he was not at fault.

The deer was of the black-tail variety, and the antlers had two points on each side. This is the first time in the history of Santa Clara County that such a freak of nature has been found, although game authorities have, on rare occasions, noted the same thing previously.

Eating is a necessary evil. It is vulgar business at best. The only way to eat in public without complete loss of appetite is to eat with your eyes shut or fixed on a point in front of your plate. One look about you and the ship has sailed. Somewhere in sight there is certain to be an eater whose one desire is to fill himself in the least possible time. One glance at him completes your meal. The technique of eating affords a curious study. Take the use of cutlery. The business of a fork or spoon is to carry food from the table to the mouth. Thus used, these conveniences enable the eater to sit upright and observe what goes on about him. But relatively few people in public eating places use them as they were designed to be used. The ordinary one-handed eater loads his fork to capacity, lifts it to a point midway between plate and mouth, and then leans forward to snap at it. This leaning business may keep spots off the vest, and even permit drippings to fall on the plate, but it isn't beautiful by a darned sight. And the farther the lean the less beautiful it is.

People don't deserve decent government. They haven't sense enough to elect good men who offer to serve them. If an able business man listens to the blarney of his friends and announces as a candidate, some pious soul is certain to discover that he once took a drink of liquor or cussed a little, and at once the righteous gang up and nominate a harmless member of their own crowd whose only qualification for office is that he attends Sunday School. Religion is the salvation of the world, but it doesn't qualify a man to keep books or run an engine. People who owned a railroad wouldn't turn down an efficient man and elect an ignorant one to manage their property because they liked his religion, but that's the way they choose men to handle public affairs.

Virgin Islands As Poorhouse Stir Sympathy Of Country

Effect Of Prohibition, Value Of Acquisition For Canal Defense, Future Policies And Obligations Of Government Are Discussed

President Hoover's reference to the Virgin Islands as "a poorhouse" in connection with his official visit has directed attention to the needs of communities which come under government control through purchase from Denmark for $25,000,000. Destruction of the rum trade by prohibition, misfortune in the bay rum industry, wisdom of the purchase immediate requirements and the obligations of the United States are debated.

"Mr. Hoover ought to explain that we did not buy a poorhouse, we made one," advises the BALTIMORE EVENING SUN, while the TOLEDO BLADE maintains that "having bought their home and assumed authority over the people with a long look ahead to possible importance of the islands as strategic outposts, the obligation of the United States government to the 22,000 natives is as great, or greater, than it is for the people of Ohio." The ROCHESTER TIMES-UNION remarks that "purchase of these islands was not the only costly, and, as afterward proved, unnecessary expenditure as a war measure; for example, consider the wooden ships which never made a voyage."

"Inasmuch as, whether the acquisition was desirable or undesirable we must fulfill our responsibilities, we are obliged to do our best for these people," says the BOSTON TRANSCRIPT while the CHARLESTON (W. Va.) DAILY MAIL recalls "a threat against the country" as among "the possibilities during the war," and adds: "Whether Germany would have purchased the islands if we had not may be doubtful, but in war time, when such contingencies arise, it is best to take no chances."

"The $25,000,000 paid for the islands as an incident of the war," thinks the DES MOINES TRIBUNE-CAPITAL, "is nothing to gnash our teeth about. It will not even hurt us much if we are obliged to spend a lot more money improving conditions on the islands. We, in common with the people of other powerful nations, talk so much about the services we render and the burdens we assume with respect to subject populations, yet shoulder those burdens so cheerfully when there is an incidental profit in it, that doing a little of that kind of burden-bearing without a profit may be good for your souls. Those things aside, however, how refreshing it is to hear a presient say things vigorously. A dozen or so demonstrations of Roosevelt ian of Clevelandian bluntness may not wholly counterbalance the loss of popularity that Hoover unluckily suffered because the economic deflation happened to hit his administration, but they will help some—that is sure. The people like their presidents with fighting gumption and at least occasional forthright speech."

A statement by Maurice Francis Egan, minister to Denmark, that "when we bought the islands, we acquired the 'Gibraltar of the Caribbean,'" is quote by the ST. LOUIS POST-DISPATCH, with the remark that "Uncle Sam did not purchase them in haste, for negotiations had been in progress since 1865," and that "all reports were favorable, including such expressions as that of Senator Lodge, 'Important in time of peace, such a station would be essential to our safety in time of war.'" That paper also recalls that "Denmark did not rush eagerly to unload the islands, for her parliament once rejected the American offer, and actual sale was preceded by plebiscites in Denmark and the colony." Senator Kenyon's committee is quoted to the effect that "the United States did not purchase the Virgin Island as an investment; they were purchased primarily for strategic purposes." The Post-Dispatch concludes: "This having been clear to preceding administrations both Republican and Democratic, Mr. Hoover's pessimistic and somewhat impatient statement seems decidedly out of order."

Suggestion that there would be public approval of an effort to dispose of the islands comes from the MILWAUKEE SENTINEL, while the ST. LOUIS GLOBE-DEMOCRAT expresses doubt that Denmark "would take them back as a gift," and suggests that "their attractions as a winter resort are many, did Mediterranean tourists only know it." The ROANOKE TIMES advises: "It is the clearest of the facts and a formidable claim upon private philanthropic organizations. Practically their own value is a negative one. It would be inexpedient to have some other nation own them in case of any war menacing our control of the Panama canal."

Doubt that, under prohibition, the islands would attract tourists is voiced by the ROCKFORD MORNING TRIBUNE holds that their climate "is pleasant the year round, and the beauty of the islands is unsurpassed in the whole sweep of the Windward group." The CHARLESTON (S. C.) EVENING POST believes that "there is not much the president could or can do to restore the rum industry in the Virgin Islands, but his visit, if it accomplishes no more, will give assurance to the people dwelling there that they have not been entirely forgotten by the rulers of the republic into which they have been incorporated." The ASBURY PARK PRESS holds that if the people had the right of self-determination in relation to prohibition, "the islands, instead of being a poorhouse, might still be thriving upon their moremost native industry"; that "it is unfair to guide them for not having that of which we have robbed them."

Possibilities in stock raising are emphasized by the SAN ANTONIO EXPRESS, and the WORCESTER TELEGRAM offers the hopeful view: "The losses which derive from the 18th amendment may be partially retrieved by relief to the bay rum industry and diversification of crops. But another already is apparent—emigration. The population has dwindled by 20 per cent in 15 years, owing to the liberty given natives to pass over to the continental limits of the United States—a liberty they could not enjoy under Danish rule. The Virgin Islanders, indeed, may yet solve their own problems."

"If rum is their way out of an economic hole," argues the CHICAGO TRIBUNE, "they should be allowed to make their rum. An extension of the most favored state provision would cover this situation. If California can be indulged in the grape concentrate production with the sanction of Volstead and a subsidy from the farm board, the Virgin Is-

PASSING THE BUCK?

You blame your enemies for the unfortunate condition you are in.

Isn't it true that you are your own worst enemy?

Conditions which have come to you are so detrimental are largely of your own making; and your friends, rather than your enemies, have helped to bring about the more or less disastrous results.

In many of the embarrassing and serious situations in which you have found yourself it was your friends also who assisted you.

Of course they did not realize that to help you was to encourage you in a way that would reflect to your discredit.

They did not intend to lead you into situations to create trouble for you.

You are supposed to have sense enough to manage yourself and your own affairs, but you didn't possess that good sense.

If you, an adult, cannot be master of yourself, why blame anyone for your missteps?

You ought to be too proud to admit that you were led.

Anything but a grown up admitting he or she was "led", be it by friends or by enemy.

Don't help to create the impression that you are easy.

JUSTICE IS

So fine a jewel that no man can pay a price too great.
A cause so noble that no one dies in vain who dies for it.
More to be desired than victory.
The true mark of real civilization.
The foundation of all other national virtues.
God in action in the state.
A cause no church can desert and still live.

Bible Thought For Today

PROCLAMATION OF PEACE—Glory be to God in the highest, and on earth peace, good will toward men.—Luke 2:14.

PRAYER—Father, may the song of the angels become the anthem of all nations.

Abe Martin

It seems like th' very first thing a money raisin' committee does after it gits organized an' strung out, is t' spend about a million dollars fer stationery.

Th' hardest kind o' prosperity t' stand is a neighbor's.

Amelia Earhart Seeks To Break Aviation Marks

Girl Flier Will Go Aloft In Autogiro—First Of Sex To Try New Plane

INTENDS TO TRY ALTITUDE RECORD

(International News Service)

PHILADELPHIA, April 7.—One new airplane record is certain to be established here today and possibly two, weather permitting.

Amelia Earhart, the only woman to fly the Atlantic ocean, will try for an altitude mark in a Pitcairn-Cierva autogiro from the Pitcairn field at Hatboro. She is the only woman ever to pilot one of the "flying windmills". Miss Earhart is also going after the women's airplane altitude record of 30,045 feet established March 6 by Ruth Nichols.

Miss Earhart will wear a fur-lined suit, heated by electricity, and will carry an oxygen tank, borrowed from the navy. A sealed barograph has been installed in the autogiro by the National Aeronautical association, representatives of which will observe the flight.

Th' best place from which t' admire a mule may be from th' front, but it's a darn poor place from which t' admire a fast on-comin' train or trolley car.

lands could be allowed to make their own brand of intoxicant. It at least would not be imported legally into the United States. The California intoxicant goes all over the country. As Mr. Hoover saw the islanders they are hopeless and helpless. That condition is a scandal to the United States, which seems to have bought so many slaves of circumstance."

"The Virgin Islanders seem unable to understand," states the HARTFORD COURANT, "why, if the Philippines can be wet, as they are, they likewise should not be able to enjoy a similar degree of official consideration. The same flag covers both possessions and why it should fly dry in the one place and wet in the other is beyond the comprehension of the inhabitants of the islands. But the president is probably more immediately concerned just now with prohibition developments nearer home."

"It is well to remember," suggests the BUFFALO EVENING NEWS "that rulings in the cases of the Philippines and Porto Rico warrant the opinion that the Constitution does not extend automatically to the Virgin Islands. In that case, congress has authority to exempt them from the Volstead act. Nevertheless, some consideration also must be given to the fact that Porto Rico, which also has a thriving rum trade, enacted prohibition, by vote of its own people, before the 18th amendment was adopted by the United States. A real sentiment against the abuses of the alcohol trade existed there as well as here. A general plan of modification for the entire country probably would be best, also, for its West Indian possessions."

Your health deserves Kotex

Beware the doubtful hygiene of substitutes whose makers you do not know

SUBSTITUTES may look the same. But how are they made? Where? By whom? Who knows? Dare you trust them, when your health is involved?

Kotex offers much more than protection and comfort.

It offers absolute sanitation in this most intimate of your personal accessories. Kotex is made in surroundings of hospital cleanliness. Hands never touch it. It is pure, immaculate, through and through. Its use in hospitals should guide you.

The safe course is to insist on Kotex. The genuine Kotex. It's the world's standard in sanitary protection. And invariably comfortable besides. The layered construction insures greater softness, because of proper absorbency.

Kotex is treated to deodorize. Shaped to fit. Disposable.

Secretary McSparran Speaks In Favor Of Strict Enforcement

State Agricultural Secretary Also Reaffirms Stand On Utility Companies

Takes Issue With Musmanno Regarding Liberalization Of "Sunday Blue Laws"

(International News Service)

PITTSBURGH, April 7.—Secretary of Agriculture John A. McSparran Monday declared for strict enforcement of the Eighteenth Amendment, reaffirmed his stand on the necessity of regulation of the public utilities and characterized recent agitation toward liberalization of the "blue laws" as a demand to turn the Sabbath day "from a holy day to a holiday."

The Pinchot cabinet officer, speaking before the Pittsburgh Ministerial Union, asserted that liberalization of the laws of 1794 "is entirely out of line with the right of our legislatures or congress and can only call down upon us the wrath of God."

As to the prohibition situation he said:

"The enforcement of the Eighteenth Amendment lies fundamentally in the nation and state welfare. ***The poison of alcohol prevents the necessary clear brain and steady nerves that the life of today needs to have and therefore instead of modification, nullification or repeal we must arrive at complete enforcement."

Praises Road Program.

McSparran praised the road program of the Pinchot administration as "the most practical piece of farm relief that has been offered anywhere."

"It lifts one fourth of the burden of road tax off the shoulders of the already overtaxed real estate of the Commonwealth," he said. "That is also true of the registration fee and the drivers license reduction."

He described the purpose of the public service commission as the protection of the interests of the public, rather than hearing complaints. He added:

"There are two questions involved, the basis of taxation and the rates. And there are two classes of people involved, the investors and the rate payers.

No Desire To Hurt.

"There is no desire to hurt the utilities in their ability to render the public service with which they are charged, but the time has come when the public must know whether or not the capitalization is being watered or whether or not it represents the actual expenditure.

"The fact that our railroads have insisted upon replacement value rather than actual money expended indicates the necessity for strict regulatilion.***

"If the utilities are going to continue to go into our elections and use money in the corruption of our politics in order that they may continue to assess the people without restriction then the democracy of which we profess to be proud is virtually destroyed."

Musmanno Takes Issue.

PITTSBURGH, April 7.—Rep. M. A. Musmanno, (R) Allegheny, Monday took issue with John A. McSparran, secretary of agriculture, who told the Pittsburgh Ministerial Union that attempts to liberalize the blue laws of 1794 are "entirely out of line" with the right of the legislatures or congress.

"If the people of Pennsylvania desire a change they should not be denied that privilege," Musmanno said.

"The law of 1794 was a statute passed by the general assmbly of Pennsylvania and is therefore subject to repeal or modification by that same body. That body acts for the people of Pennsylvania.

Voice Of People.

"Any change which would be consonant with religion and morality, I do not honestly think would bring down the wrath of God as Secretary McSparran says. On the contrary, if such a change would bring about a more sincere appreciation of religion and greater observation of law, which I am confident it would actually do, then, speaking only as a God-fearing person, I would say that in my humble opinion, such results would receive divine approbation instead of divine wrath."

Musmanno concluded with the terse observation:

"I have been told that the voice of the people is the voice of God."

Society Of Friends Amend Discipline In Annual Conference

Quaker Maids Can Wear Frills And Laces And Men Can Smoke, Is Decision

(International News Service)

NEW YORK, April 7.—Quaker maids may wear frills and laces and the men may smoke under an amended "Book of Discipline" announced today at the yearly meeting of the Society of Friends. The amended rules were adopted for the first time in 38 years.

At a meeting of the Friends last night Dr. D. Leigh Colvin, chairman of the prohibition national committee, said that prohibition had been a tremendous factor in promoting prosperity because it had diverted the earnings of the workingmen into legitimate channels. He also said prohibition had made workers more efficient and caused them to earn more money and spend more for articles which required a large amount of raw material to produce.

Easter Date Is Determined By Moon

Some Mistakes Have Occurred In Observance Of Date In Former Years

Many people in New Castle have no doubt wondered how the date on which Easter falls, is determined, and how it got its name.

The name is derived from the Goddess Eastre, the personification of the East, of morning, or of spring.

The date, it was first determined, must invariably fall on the first Sunday after the fourteenth day of the moon that happens to be reigning at the time of the vernal equinox. So difficult was this calculation that it has led to occasional mistakes, as that of the year 1818, when Easter was kept on the wrong day. A long series of ecclesiastical dates from Ash Wednesday to Trinity Sunday, and the Sundays after the Trinity, are contingent upon the date set for Easter each year. Easter Sunday may come as early as March 22 or as late as April 25.

It occurs on March 27 next year, the earliest in the season in 12 years.

Nervousness, Rheumatism, Constipation; Ended Says New Wilmington Man

Nu-Erb Given Credit For Bringing First Real Relief in Many Years

"Because Nu-Erb has given me such wonderful relief from health troubles from which I suffered for the past thirty years, I feel it my duty to tell others abou this splendid medicine," said Mr. George W. Shaffer, R. D. No. 2, New Wilmington, Pa., and who for many years was an employe of the Carnegie Steel Mill, in a recent interview.

"I have suffered agonies with rheumatic pains through my limbs, joints and muscles. At times they would become so stiff, sore and swollen that I could scarcely attend to my work. I was a chronic victim to constipation and my entire system became rundown so that I couldn't sleep nights and I felt tired and worn out.

"I began using Nu-Erb soon after it was introduced in New Castle and three bottles of this medicine have done more for me than all the other medicines put together. The rheumatic pains have been relieved for the first time, and my joints and muscles are more limber than they have been for years. I sleep better at night. I have a good appetite and I am feeling stronger and better in every way."

Let this amazing Nu-Erb help you back to health and strength. It's pure herbal juices tone and regulate the stomach, liver, kidneys and bowels and put new strength and energy in a rundown system.

MR. GEORGE W. SHAFFER

Eckerd's Cut Rate Store, is the only place in New Castle where Nu-Erb may be purchased. Go see the Nu-Erb man now located there and let him explain to you the merits of this remarkable medicine.

Dr. Ben G. Graham Will Be Speaker At Commencement

Former Local Superintendent Of Schools Will Deliver Address At Grove City

GROVE CITY, Pa., April 7.—Dr. Ben Graham, head of the Pittsburgh school will be the commencement day speaker on June 10th when 128 graduate at Grove City college.

Dr. W. C. Ketler college president is completing his plans for the fiftieth graduation. The class is one of the largest in history with one of the largest number of honor students, 20, to be named.

Dr. Ralph Davis, pastor of the Church of the Covenant Presbyterian church of Erie will preach the baccalaurate sermon the evening of June 7.

TO PLAY MUSHBALL

A mushball league of 8 teams is being organized in Grove City. A series of 30 games are to be played in the armory. The reams are selected from Grove City business houses.

MAJOR ON LEAVE

Major Walter McCord, adjutant at Fort Sheridan is on leave of absence at his home here. The major is a graduate of the Class of 1914 at the college.

He is a veteran of the World war and until recently has been detailed as instructor in military affairs at colleges.

COLORED CHICKS SHOWN

An Easter feature on exhibition here is baby chicks in varigated colors. The chicks are treated with a specially prepared dye.

In half a dozen assorted colors they are being shown in a local store window.

EXPECT SWIMMING POOL

A swimming pool for Memorial park looms more promising now than any time since it has been agitated. County have appointed a committee of J. G. Carruthers, Sam Bollman and C. M. Slater to make report on its building.

It is pointed out that such an addition to the park now would mean putting unemployed men to work at a time when they need it the most.

VISITS FRIENDS

Jack Henry, a former Bessemer superintendent now located at Lansing, Michigan where he is head of the Hill-Diesel Works, is the guest of local friends.

The automobile industry not moving so fast says Henry.

Widows are those who survive when a mail truck driver looking for a hold-up meets plain-clothes men looking for a hooch truck.

Mercer County Schools May Merge

Consolidation Of Fairview Township Schools Is Discussed

MERCER, Pa., April 7—Consolidation of the schools of Fairview township and Fredonia were discussed at recent meeting held of the boards.

At the present time, these districts and Delaware operate a vocational school at Fredonia which serves as a high school. It is said that the Fairview and Fredonia school union of all branches can be affacted at a very little cost.

MERCER COUNTY GAINS.

Mercer county is better than holding her own. The vital statistics for the past year have just been taken off by the county auditors showing that 2220 were born and 1332 died. The compilation of these facts cost $1776 the record states.

COURT ADJOURNS.

No further court sessions until April 13th states Judge J. A. McLaughry today. The court holds the spring criminal sessions starting April 20th.

WHITE IN HARRISBURG.

Superintendent T. C. White of the County Home left for Harrisburg today. He attends a meeting held there Wednesday of the heads of 14 county hospitals for the insane.

The purpose is to secure action of state authorities on paying state aid of $3.00 a week for all indigent insane rather than $2.00 which is the present rate.

The state appropriates the larger sum for insane in their own institutions it is pointed out which would establish a reason for increase.

It will mean an increase of $6000 a year for the local hospital where 200 insane are now being cared for.

PLAN FOR ROUNDUP.

Mercer high takes a full team to the Roundup of 16 county schools at Grove City on April 17th when competition is forensic, music and school subjects takes place for county honors. It is the eighth annual contest of these schools.

Unemployed Mine Close To Nine Thousand Tons Of Coal During Winter

Figures Show New Castle Mining And Clay Products Company Help Aided Many

Would Have Cost County $32,631 If They Had Bought Coal In Open Market

Assistance given the unemployed of New Castle during the past winter by the New Castle Mining and Clay Products company, in opening their coal vein to the public free of charge, totalled $40,230, a report just submitted to Secretary Alfred W. Chilton of the Chamber of Commerce by Charles H. Andrews, secretary and treasurer, shows.

Since the mines were thrown open last December, 8,940 tons of coal were mined, on orders issued hrough the County Poor Department. Of this amount, 7,245 tons was delivered by county trucks, while 1,695 tons was hauled away by those who mined it.

If the county had been forced to go out into the market and purchase this coal at $4.50 per ton, it would have cost the county $40,230. The total cost to the county for hauling and the maintenance of a foreman on the job only cost $7,599, so the tax payers were saved $32,631.

Coal was mined or dug practically every day since the mine was opened and the number of men who were engaged in thetask was never less than 25 per day. The largest number registered in any one day was 294. Over 1,000 different persons mined their own coal from the acreage.

The amount mined by the diggers and donated to the county for widows and persons physically unable to mine their own coal was 1,872 tons. The spirit to help the other fellow in need was favorably commented upon by those who presented the men with this opportunity to help themselves.

In commenting on the matter, Mr. Andrews has the following to say:

"M. A. McLure, President, George T. Weingartner, Vice President, Fred L. Rentz, Dr. W. L. Campbell, and John A. Butler, Directors of our company, were glad that the New Castle Mining & Clay Products company was in a position to render the above assistance to the needy, as well as saving to the taxpayers approximately $32,000.00.

"We wish to thank the Lehigh Portland Cement company for their co-operation in furnishing shelter houses, stoves, etc., for the men in bad weather. Their land adjoins ours, and a large tonnage was mined from their property also. Mr. Schlicher, Mr. Kleckner and Mr. Davy are real fellows who can be relied upon in an emmergency like we have had and are still passing through.

Apparently the need for coal is over, as the county authorities have discontinued the issuing of orders for coal to be mined. This being so we have closed the operation for the season. We trust that conditions will improve so that a like need will not arise in the future.

"However should a like condition again occur, we still have enough unmined coal to carry through another winter, which can be distributed in the same way.

"County Commissioner Boyd and Director Hogue have handled their part of the matter with fine discretion and judgment. Their part was a hard one, and the county is fortunate to have their services. Harry Trover who was in charge of the operation, did a good job of it. His handling of the men and the many locations, as well as trucks, could not be improved upon.

"Trusting that spring will chase away blues of the past winter, we remain,

Respectfully yours,
The New Castle Mining & Clay Products Company.
C. H. ANDREWS,
Sec.-Treasurer."

Fakers Must Fail
In Their Absurd Appeals
To the Fat

Fakers have flourished in their appeals to the over-fat. Not many remain. Some of their methods were harmful, some absurd. All have perished quickly in the test.

One reason is that medical science has found a great cause of excess fat. It lies in a lacking gland secretion which must be supplied. Doctors the world over now supply it, and excess fat in late years has been going fast.

A world-famous medical laboratory embodies this factor in Marmola prescription tablets. Not to oppose doctors, but to supply their best help in a very economical way. Thus Marmola opens this right way to millions who might otherwise go wrong.

Marmola has been used for 24 years—millions of boxes of it. The use has grown and grown, while the frauds disappeared by the scores. Now in every circle you can see the results. Your own friends can recite them. Slender figures are the vogue.

Marmola, in every box, gives the formula complete. It also tells you why the fat goes, why new vim appears.

If you have been enticed by fakes, by silly claims, go now and use what doctors use. Combat your fat in the right and scientific way. Gain normal figure, normal vim in Nature's way. Then tell your friends about it—they should know. Go now and order a $1 box from your druggist. Read the book, watch the many good results.

Capital Punishment In Michigan Beaten

Referendum Vote Taken Monday Shows That Voters Do Not Favor Death Penalty

(International News Service)

DETROIT, Mich., April 7.—Michigan today had rejected capital punishment for the second time in two years.

In a referendum yesterday, the voters turned down a proposal for electrocution in cases of first degree murder. In 1929, the governor vetoed a measure providing the extreme penalty after it had been passed by the legislature.

With returns from about half the state early today, capital punishment was beaten by a decisive majority in a total vote of 600,000.

Troops Leave To Combat Revolt On Madeira Islands

Spanish Troops On Way To Island To Combat Military Revolt

(International News Service)

LISBON, April 7.—Measures for the defense of Funchal, capital of the Madeira Islands, were reported under way today as a steamer crowded with well armed troops and escorted by two warships sailed from here to combat the military revolt in the picturesque Ocean Colony.

According to information from the Portuguese possession, where strict censorship and martial law have been proclaimed, the Rebel Junta of nine men headed by General Sousa Dias has mounted a number of field guns on the heights of Sao Vincente. Troops will probably entrench themselves at strategic points.

Minstrel Show To Feature Party At Cathedral Friday

Consistory Dinner Club Looking Forward To Big Attendance At Party

An old-time minstrel show, right up-to-date, will be the feature of the next Dinner Club dance at the Cathedral on Friday evening, April 10.

C. W. Herman Hess will have charge of the entertainment and the old time favorites who will put on the show for the occasion have polished off their old gags and jokes, bringing them up to the minute. In addition, many features which will make the entertainment enjoyable to all have been added.

Mr. Hess has been putting the boys through their paces for some time so that they will be "champing at the bit" the night of the dinner.

The Spring Reunion of the New Castle Consistory will be held at the Cathedral on May 20, 21, and 22, and this will be the last meeting of the Dinner Club before that event. An unusual crowd is expected to attend the dinner and dance because of this fact. On account of the high class entertainment that has been furnished in the past, Mr. Hess is anxious to have the minstrel show be the crowning event of the season.

Assisting him with the entertainment is the following committee: Howard O. Erwin, W. Stanley Treser, C. Ed. Brown Dr. W. C. Wallace, D. O. Davies, David J. Jones, Robert S. White, Louis B. Round, Harry C. Urmson, W. H. Kleckner, Charles [illegible], Dan Woolcock, and Dr. H. E. Zerner.

The reception committee is composed of Jos. S. Rice, John M. Wallace, B. H. Kunnenberg, Ralph M. Campbell, William H. Wood, T. W. Dickey, Howard B. Richards, W. O. Williams, Albert Street, H. T. Getty, Dr. John McConaghy, [illegible] Charles F. Morrow, Frank W. Wallace, Barton E. [illegible], Charles E. Allen.

Norris Assails Raskob's Plan

Senator Norris Sees Victory For Progressive Candidate For President

SAYS WET ISSUE IS ONLY SHAM

By WILLIAM K. HUTCHINSON
International News Service Staff Correspondent

WASHINGTON, April 7.—Senator George W. Norris, veteran insurgent leader of the senate who bolted his party in 1928 to support Alfred E. Smith on economic issues, today joined with dry Democrats in opposing the effort of John J. Raskob to force the Democratic party into an open stand on the wet side of the prohibition issue.

Norris, who makes no secret of his opposition to the policies of President Hoover, sharply criticizes Raskob's political maneuvers. He assailed the Raskob plan as an effort to eliminate all economic issues between the two major parties in the next campaign and to force them into a "sham battle" on the prohibition issue.

While Norris has no voice in the deliberations of the Democratic party, his views attracted interest because of his leadership in the progressive movement, and his fight for the election of Smith in 1928. At the recent progressive conference, he revealed opposition to President Hoover's re-election and appealed for the nomination by the Democrats of "another Roosevelt", although he did not endorse Franklin D. Roosevelt, New York's Democratic governor.

Raskob Determined.

"It appears that Raskob is determined to make prohibition the sole issue in 1932," says Norris. "That means the Democratic party would be in entire agreement with President Hoover on all economic issues and big business would be safe. It means we would fight the next campaign as a sham battle on a false issue."

"If Raskob succeeds in nominating a dripping wet Democrat on a wet platform where would that leave a progressive Republican senator, who opposed Hoover in 1928 and supported a Democratic nominee on economic grounds?" he was asked.

"It would give him a fishing rod and a can of worms," replied Norris.

"That's all he could do—go fishing."

Can't Amend Dry Law.

"Do you think the Democrats can win on the wet issue?" he was asked.

"I have no idea as to that,' said Norris, who is a dry. "But one thing is certain. That can't repeal the 18th amendment—not in our lifetime. But Raskob wants them to make the fight on that issue. I think it's foolish. The whole scheme is to put the people to sleep on the important economic issues and have a sham battle over prohibition, because even if the wet wins, it won't amend the constitution nor change the prohibition law.

"The real issues are taxation, unemployment, agricultural depression, the power question. These are the big issues, together with the growing tendency to monopoly, trusts and combinations in restraint of trade. But Raskob would have the two major parties battle over prohibition, with their hands tied on everything else."

"Where will that leave the progressives?"

"I don't know!"

Two Men Are Hit By Automobiles

Fortunately Their Injuries Are Not Of A Serious Character

Frank Baptiste, 517 Pearson St. sustained injuries of an apparently minor character on Monday afternoon when struck by the automobile of R. T. Johns, 607 East Long avenue, as he was unloading bread from a truck on East Long avenue near Cunningham avenue.

The injured man was rushed to the New Castle hospital by Mr. Johns, where on examination it was found that to all appearances his injuries were not of a serious character.

Mr. Johns was driving west on Long avenue at the time of the accident.

Tom Cobbay of Ellwood City escaped serious injury Monday afternoon when he walked in front of the car of Charles N. Foster of Cliff street, as the latter was driving west on Washington street at County Line street. Mr. Cobbay was knocked to the ground. He was taken to a physician, where on examination it was found that he had escaped serious injury.

John J. Cunningham of 1412 Delaware avenue reported Monday that he was enroute west on West Washington street, between Beaver street and Norris Way, as a car bearing Pennsylvania license 39U31 going in the same direction in front of his machine stopped suddenly, causing Mr. Cunningham to hit it. Some damage was done to both machines.

No Comfort For Obese In Records

Efficiency Tests Show Fat Folk Don't Qualify

By LOGAN CLENDENING, M. D.

Fat people know their efficiency is low. There is a general impression that their mental alertness is not up to normal, but the overweights will challenge that. Their mechanical efficiency, however, can be measured accurately.

In fact, it has been. A cruel-minded Chicago experimenter has had obese women and normal weighted women pedaling a stationary bicycle and has calculated the amount of mechanical efficiency they displayed. This was compared with the efficiency of some thin subjects.

The obese subjects had a percentage overweight of from 12 to 110. Their actual weights were 134 to 262 pounds.

The average efficiency of the subjects of normal weight was 24 per cent. On the basis of the calculations for this test 25 per cent is a good proportion. Well trained men seldom showed more than 28 to 30 per cent efficiency.

The average of all the obese subjects was about 22 per cent efficiency (21.7 to be exact.) The 262-pounder showed 20 per cent efficiency. But the one who was 110 per cent overweight only showed 17½ per cent efficiency. The lowest efficiency displayed by the obese group was 15 per cent in a subject 104 per cent overweight.

No comfort for the overweights can be found in the record of the underweight group who showed an efficiency of 27½ per cent.

The sad fact seems to be that fat people are only about two-thirds as efficient as thin people on the average, and at worst only about half as efficient.

The lesson is obvious—to be efficient in the race of life get your weight down.

QUESTIONS FROM READERS

B., New Jersey: "What is pleurisy? Does it cause tuberculosis?"

Answer: Pleurisy is inflammation of the pleura. The pleura is a smooth membrane which covers the lungs and is reflected around the inside of the chest wall, its purpose being to allow smooth movements of the lungs in the chest during breathing.

There are several kinds of pleurisy. Some are due to tuberculosis or are forerunners of it, some are not. Pleurisy may, for instance, be caused by pneumonia. If a person is affected suddenly by pleurisy in the course of what appears to be good health, and fluid accumulates in the pleura, the chances are in favor of its going into tuberculosis. Such a person should be treated as a tuberculosis invalid—rest in the open air, with good food—for a period of six months. If no tuberculosis develops within three years after the pleurisy it rarely does develop. After the three-year period has passed safely, then, the danger may be said to be over.

EDITOR'S NOTE: Six pamphlets by Dr. Clendening can now be obtained by sending 10 cents in coin for each and a self-addressed, stamped envelope, to Dr. Logan Clendening, in care of this paper, or Central Press Association, 1435 East Twelfth street, Cleveland, O. Easter Party In Home At Pulaski

Miss Ruth Buchanan Is Hostess —Other News Notes Of Community

(Special to The News.)

PULASKI, April 7.—Miss Ruth Buchanan charmingly entertained at a lovely Easter party at her home on Saturday afternoon. The time was pleasantly spent by the girls. Several piano selections were given by Miss Esther Rose Shannon. A variety of games was enjoyed and in the contest, prizes were awarded to Misses Marion Miles, Martha Louise Bilger, Margaret McClenahan, Marion Mitcheltree and Barbara Gurtner. Delicious refreshments were served by the hostess' mother, Mrs. J. P. Buchanan, assister by Mrs. John R. Miles. Placements were made for 11 at a beautifully decorated table, the colors being yellow and orchid.

Those present were the Misses Marion Miles of Sharpsville, Esther Rose Shannon of Erie, Betty McClenahan, Shirley Mae Stowe, Juliana Merchant, Marion Mitcheltree, Martha Louise Bilger, Margaret McClenahan, Barbara Gurtner, Marjorie Merchant and Mrs. John R. Miles of Sharpsville.

PULASKI NOTES

Samuel G. Smith of Hillsville, U. Z. Sweesy and grandson Earl E. Sweesy ,Jr., of New Castle were callers at the Hotel Pulaski Sunday afternoon.

Mrs. Lawrence Mitcheltree is serving as a juror at New Castle court house this week.

Mr. and Mrs. Andrew Smith and children Virginia Beryl and Lloyd of New Castle spent the week-end as guests of Mrs. Smith's sister and husband, Mr. and Mrs. Robert Stowe.

Mrs. John R. Miles and granddaughter Miss Marion Miles of Sharpsville have concluded a visit with the former's daughter and husband, Mr. and Mrs. J. R. Buchanan.

James Swogger of New Wilmington spent the week-end with friends in town.

Mr. and Mrs. John Graham of Grove City, Mr. and Mrs. Fred Webb and daughter Gladys, Mr. and Mrs. Kenneth Webb and daughters Dorothy and Irene and Mrs. Walter Ginger and son Forest of West Middlesex and Mrs. D. D. Sloan of New Castle were callers on Mrs. Catherine Tomer and Miss Jane Tomer Sunday evening.

Albert Furgerson of Mahoningtown spent Saturday and Sunday as guest of his mother, Mrs. Cora Shilling.

Mr. and Mrs. D. L. Cameron have moved from New Castle to the Dr. Frederick Taylor farm.

Mr. and Mrs. James Black were callers in New Wilmington Saturday evening.

Mr. and Mrs. Charles Mitcheltree entertained at a prettily appointed dinner at their home on Sunday. Guests present from out of town were Mr. and Mrs. David Taylor and sons Paul and Robert of East Palestine, Ohio.

Mr. and Mrs. Marcus Wilson moved on Monday from Youngstown to their property here recently purchased from Mrs. Dora Cover of Ellwood City.

Mrs. Lloyd E. Rodgers has been confined to her home with illness for the past week.

Falls Dead At Bier Of Friend

ALLIANCE, O., April 7.—Stricken suddenly while viewing the body of Kenneth Firth, killed in a highway crash early Saturday morning, Thomas Cassidy, 58, dropped dead beside the casket in the Firth home today. He was a lifelong friend of the Firth family. Charles Cassidy, driver of the car in which Firth and Kenneth Brogan were killed, is in a critical condition at City hospital.

LOVED LOBSTERS BUT SUFFERED IF HE ATE THEM

"I like lobsters better than most any food, but I used to suffer when I ate them," says Edward J. Owens, well-known salesman of 86 Falmouth St., Boston, Mass.

"I would have sick headaches; would belch, leaving a sour taste in my mouth; suffered a lot with gas on my stomach.

"I tried many things before my druggist persuaded me to take some Pape's Diapepsin.

"It took me right out of my trouble. I have a better appetite, eat lobsters, pork or anything I want and have no after-effects. I believe in Pape's Diapepsin and recommend it to everyone I know."

If you suffer from indigestion, often or just occasionally, get a package of these candy-like tablets from your druggist. They stop heartburn, gas on stomach, belching, nausea, headaches or any other symptom of indigestion soon as the trouble starts. They are harmless; form no habit; can be taken as often as needed.

If you wish to try them before buying, write "Pape's Diapepsin," Wheeling, W. Va., for a FREE sample box.

RECORD THRONG ATTENDS DANCE

Over 1100 Hear Don Bestor And Dance To His Music At Cathedral

Close to 1100 people were in attendance at the dance held in the Cathedral last evening under the auspices of the Legion of Honor of the New Castle Consistory, when Don Bestor and his radio recording orchestra proved one of the finest attractions brought to New Castle in some time.

A concert was held preceding the dance in the auditorium to give music lovers who have heard the orchestra over the radio, an opportunity to meet and hear them in person.

The dance was well handled in spite of the large crowd and many favorable comments were heard on the manner in which the event was taken care of by the committee.

A great many were present from surrounding points outside the city.

Highland Y. P. C. U. Easter Service

An early morning meeting opened the Easter day for the young people of Highland United Presbyterian church, with Catherine Elder as the leader.

The subject for the day was Immortality and Miss Elder brought her subject out in a splendid manner, telling how the posts regarded and thought on this subject.

Miss Catherine Wagner sang an Easter song, accompanied by Margaret Sanders; A pleasing duet was given by Mrs. C. J. Williamson and Lois Williamson, they were accompanied by Beatrice Laverick.

An executive meeting of the society will be held this evening at the home of the president, Miss Lois Williamson, Sheridan avenue.

Driver Is Held For Recklessness

Three Persons Are Seriously Injured In Automobile Crash

BUTLER, Pa., April 7.—Paul Fisher, 23, of Homeacre, a suburb, is in the county jail without bond on charges of reckless driving and intoxication when operating a motor vehicle. Police blame Fisher for a crash at the south end of the Main street viaduct, which wrecked two automobiles and sent three persons to the Butler Hospital with skull injuries or broken bones. It is charged that Fisher was crossing the viaduct at high speed with the purpose of ascending South Main street a steep grade. He crashed into a car driven by Emil Meier of the Harrisville district.

Three occupants of the Fisher car are seriously hurt. They are Quay Ellenberger, 27, fractured skull and broken left leg; Edith Ruffner, 20, both ankles fractured and body bruises; Fredericka McCullough, 22 injured skull and contusions. All are of Butler.

State Health Head Urges Fly Swatting

"Public health officials can and do accomplish much. But unfortunately there seems to be a more or less general attitude that health problems are exclusively governmental in their interest. As a matter of fact, the individual is and always will be the key factor in the nation's health; official activities in many instances being quite secondary," said Doctor Theodore B. Appel, state secretary of health, today.

"To prove this statement one has but to mention diabetes, heart affections and cancer—all of them demanding individualistic interest in bodily health if the consistent rise in their death rates are to be curbed.

"By the same token, sanitary conditions in and about the premises of a householder are a matter for personal rather than public concern. But this fact in no wise lessens the importance of the matter.

"Public nuisances can be effectively controlled by law. Garbage disposal, sewage, piggeries and stream pollution come within the purview of officials. However, with these things properly supervised, the work of health boards ends and that of the individual begins.

"Housing experts working in large and small cities have indicated that the winter's collection of fly-breeding material to be found in back yards and cellars is by no means limited to the more crowded sections. They state that a large number of prosperous people who are particular concerning their front yards, are careless where the backs of their domain are concerned. Then too, because of the lack of regular garbage and trash collections in rural districts, many residents of small towns are prone to be indifferent to the proper disposal of the winter's offal.

"It would seem that appearances alone would prompt many of the thousands now derelict in these matters to clean up, but apparently not being sufficiently impressed they permit matters to slide and thus extend an open and exceedingly welcome invitation to the common fly, that destroyer of infant life and potential spreader of typhoid fever.

"The fly, despite its harmless appearance is a real enemy to man. It breeds in filth, exists in filth, lives in filth and then spreads its filth over foodstuffs and in milk. The best defense against it is cleanliness. With the fly-breeding spots eliminated, the fly itself can not come into being.

"Therefore, swat the fly before it exists, by removing the possible fly-breeding conditions. Good taste suggests that this be done. And good health absolutely demands it. Clean up, and stay clean."

Terribly Sick From Gas, Acid. All Ended Now!

Mrs. R. M. Converse of Erie, Pa., says, "I was always tired out and troubled with a lot of gas. Every night I would be awfully sick. I began using ACIDINE and it did me much good. I surely am feeling fine now—tired feeling and gas and acid all gone. I am a changed woman."

Just another of thousands who are astonished at the way this new prescription ACIDINE succeeds when other known remedies fail. The reason is it is different from other medicines. ACIDINE contains Japtase, which, in laboratory tests, digested 800 times its own weight of certain heavy, starchy foods. ACIDINE neutralizes burning acid, soothes irritated stomach and intestinal linings, helps end acidosis.

Eat, drink all you want. When sour stomach, gas, pain, heartburn, bad taste, heavy feeling, short breath, dizziness, belching, nervousness, colds, gassy headaches and sleeplessness trouble you, take ACIDINE. Results guaranteed. If not delighted, maker refunds money. Get it from your druggist today.

IN LIKE A LAMB.

With the Apostles of A Better Day out in force tying knots in the Tammany Tiger's tail, what chance has the circus?

"The most refined, elegant, greatest, grandest and most magnificent show ever organized," as the late lamented Phineas Taylor Barnum used to describe it, hit town the other morning; and its advent was chronicled thus:

"Thirty elephants, led by a mahout arrayed not in silk but in denim, walked down 1st Ave. early this morning—hours before dawn. They trudged along, heads bowed down with a deep sadness. Passing the windows of grimy tenements, the darkened fronts of small, compact factories, they did not look up. There were no trumpetings, no dance steps; nothing but the slow, plodding march."

* * *

A REJUVENATOR.

How can you expect modern sophisticate of nine or ten—interested in his "Child's Life of Oscar Wilde"—to get het up over the circus coming to town?

The circus no longer is a kid's show. Its appeal is chiefly to the Old Uns—who cling to memories as seaweed clings to an oyster!

TRADE MARK.

Years ago whenever a show-girl broke into print—in the news columns—it was said of her that she was "One of the Floradora Sextette."

Then along came Old Doc Ziegfeld with his "Follies" and the news writers and headline builders abandoned "One of the Floradora Sextette" in favor of "Ex-Follies," or "Former Follies Girl."

The Old Marster used to elevate a supercillious eyebrow once in awhile over some of the escapes of "Former Follies Girls" he'd never heard of; but so long as "His Ladies" didn't kick, why should he remonstrate?

Lately, however, the Phony Filleys of The Follies have been overstepping the more than liberal limits allotted them and The Doc has called a halt.

Hereafter all legitimate denizens of the Glorifier's ranks are to be branded.

If she's really been Glorified she'll be able to prove it.

Avoid imitations. None genuine unless the initials F. Z. are stamped on the gambrel joint.

Boy, get me a dictionary immediately—and open it at the G's.

WOMEN IN INDUSTRY.

Eighth Ave., in the vicinity of Madison Square Garden, has just acquired the services of a likely looking lady, who patrols the sidewalk discharging the duties of Sandwich Girl. The sign-boards she carries fore and aft, supported by straps across her shoulders, advises the Improvident Padres of the neighborhood not to throw the old ones away just because they've worn a hole in the seat, but to send them to the adjacent establishment of Joe, the Tailor. Joe pledges his word, in letters one inch high, that when those vintage trousers leave his dry-dock they will be "good as new."

DEMOCRACY ON THE HALF SHELL.

If the price brings the commodity within the reach of all, Park Avenue has absolutely no use for it. It's out—or as they say amid those sacrosanct precincts—"de trop."

Take orchids: The price of orchids "broke" some time ago. They're selling today anywhere from fifty cents to a dollar a bloom. That was sufficient to have excluded them from the corsage of Carrie-The-Careful, in the Park Avenue Easter Pee-rade.

But heaven always provides the man to meet the emergency. Just in the nick of time, some horticultural Owen D. Young stepped forward and saved the day with a "very special" variety of orchid that retails from $5 to $50 apiece, the scale depending altogether on the customer's susceptibility and the florist's conscience.

Coon Hunters Told Law Is Unchanged

Game Protector Advises Old Training Hours Stand; Releases Game

Lawrence Countk Game Protector Frank L. Coen today made known to county sportsmen that a recent legislative move introduced to shorten the coon dog training hours in Pennsylvania was defeated by action of the state's lawmakers.

Bills proposed at Harrisburg would have made it unlawful to train dogs for coon hunting after 10 o'clock at night. However, the old law which permits the training to continue late will stand.

Mr. Coen this week released in various sections of the county about six Minnesota racoons. The shipment came here last Saturday.

Jordan Gives Stirring Talk

Deplores Conditions Which Permit Al Capones To Rule Larger Cities

TOO LENIENT WITH CRIMINALS

Dr. Charles G. Jordan, former Secretary of Agriculture for Pennsylvania, delivered a splendid address in the Highland U. P. church last evening, when he spoke to the men of the church at their annual dinner.

Dr. Jordan spoke on his belief in the power of God to guide men during such great emergencies as are now besetting us in the great financial depression which has gripped the entire world during the past year and a half, and stated that it was only a firm belief in the power of the Almighty which has kept many from crashing.

He deplored conditions which permit such men as Al Capone to rule the government of large cities, and advocated stronger measures in dealing with criminals of this class.

He stated that there was too much leniency being shown criminals, and believed that they were pampered too much in our prisons of today.

In closing, he urged education to prevent a breakdown of the Prohibition laws of our nation, stating that the people who were responsible for the law being passed, have neglected to follow the thing up and that only through education would the coming generation know of the dangers and pitfalls besetting them.

He also urged the closer observance of the Sabbath Day, for the purpose for which it was intended and stated that the church must assist in keeping the day holy.

Attack On Chief By Two Prisoners

FARRELL, Pa., April 7.—Two men who caused Police Chief John Slezak to lose control of the police car in which he was taking them to jail early yesterday were fined $25 each by Burgess C. G. Scowden, with alternatives of 30 days in jail.

The pair, Andrew Musanko and Stephen Brotko, both of Masury, had been arrested by the chief for disorderly conduct. They attacked him as he was driving to the borough jail in Spearman avenue, resulting in a collision with another machine. The occupants of both cars escaped injury.

On Th' Little Town

"I WONDER WHAT THEY'RE DOIN' AT HOME?"

Stew Nugent is at home t' put his feet under his mother's table. He has been ' th' city fer three years an' says that th' trouble with a little town is that ever'buddy knows ever'buddy else's business. That's th' reason Stew went away, an' it's one o' the' best things about a little town. You know who your next door neighbor is, an' you know who lives over th' hardware store. An' you know who's able t' own a car.

In a city where you don't need no other credentials but a good front it's different. Some folks flourish in a city that couldn't git trust fer a box o' cornflakes in their home town. Some fellers apologize fer livin' in a little town. When you ask 'em where ther from they color up an' stammer an' say, "I—er—why—I-I'm from Rossville—that is my folks live ther. I've been livin' ther too, but I'm thinkin' o' goin' t' Chicago. Ther's no opportunities in a little town fer a young man."

An' when you size him up you can't help picturin' what a flurry he'll cause in Chicago. O' course some folks that go t' th' city succeed, but they've got th' old home metal in 'em.

In th' great city parks th' benches are filled with poor unfortunates from th' little towns who have tried an' failed. Pride alone keeps 'em from returnin' an' they become aimless wanderers an' are lost an' fergotten in th' mist o' time.

Some folks jist seem t' be cut out fer' th' artificiality o' th' city, an' that's where they ought t' live. But if you want t' live an honest, quiet, peaceful life an' enjoy th' love an' confidence o' your friends an' neighbors, ther's no place like th' little town where one-half th' people knows how th' other half lives, where respectability is a real asset, where a K. of P. watch charm won't save you if you can't toe th' mark.

March Is Colder Month Than Usual

Deficiency Of Two Degrees Is Shown By Weather Statistics For Month

March proved colder than usual, the figures of U. S. Weather Observer B. F. Johnson show.

There was a deficiency of two degrees in temperature during the month, and approximately a half inch deficiency in the rainfall.

In 1930, the temperature was 1.6 degrees below normal and the rainfall .76 inches above the normal average of 2.75 inches.

The figures show the following:

Mean maximum temperature 41.6 degrees, mean minimum 27.6, mean average, 34.6 degrees. Deficiency in temperature 2 degrees, the normal mean for the month being 36.6 degrees. The highest temperature recorded was 61 degrees on March 1, and the lowest was 17 degrees which was reached on March 11 and 13. The greatest daily range in temperature was 38 degrees on March 1.

The total precipitation during the month was 2.19 inches, the greatest in 24 hours being .43 inches on March 29. There were 8.7 inches of snowfall during the month.

Days clear were 5, days partly cloudy, 11; days cloudy, 15, with 19 days on which .01 inches or more of rain fell.

Former Beauty Is Sentenced To Jail

Miss Irene Knight, Buffalo Beauty, Convicted As Bootlegger

(International News Service)

TOWANDA, Pa., April 7.—Arrested for violation of the prohibition law, Irene Knight, who was "Miss Buffalo" in the 1925 Atlantic City beauty pageant, today was under sentence to serve 18 months in the Bradford county jail and a fine of $500.

The brunette beauty collapsed when sentence was pronounced by Judge Charles M. Culver.

Miss Knight, whose home is in Towanda, N. Y., told the court she pawned her jewelry and resorted to bootlegging only after she had tramped the streets of Buffalo and New York City in a vain hunt for employment.

LOOKING BACK

IN NEW CASTLE

It's probable that few residents of New Castle can conceive of the fact that there was a day in the history of Lawrence county and New Castle, that there was entertained in the community, both a president and a governor of the State of Pennsylvania and that the President of the United States actually made an address during the celebration that was held in his honor.

But such as the case on August 22, 1849. The distinguished guests of the occasion were President Zachary Taylor and Governor Johnston. They were enroute from Beaver to Mercer and came here in an Erie Canal Express Packet.

They were naturally accorded the highest honors possible. A procession of which Colonel William Book was the marshal, formed at the lock and escorted the distinguished guests from the lock to the Neshannock Creek Bridge, then up East street to North street, over North to Jefferson street, Jefferson street to Washington street and east on Washington street to the Washington House, which was located on the present site of the Neisner Store.

The procession was headed by the committee of reception on horseback, and the order of the procession was as follows: Brass band, Martial band, President and Governor in open carriage with military escort, President's and governor's suite in carriages, New Castle and Beaver committees in carriages and many citizens.

On arrival at the Washington House, a reception address was made and the president replied in a brief and appropriate manner. During the movement of the procession, artillery fired and the resulation salute from Shaw's Hill. The next morning the governor and president visited the rolling mills, blast furnaces and other industries. The Sophia furnace then in existence was the first the president had ever seen.

At 9 a. m. on the day following his arrival, the President gave a reception to the ladies of New Castle in the Presbyterian church. Later in the day the party departed for Mercer accompanied by a committee of escort from this city.

Report Reveals That Prohibition Has Not Cut Nation's Revenue

(International News Service)

BALTIMORE, April 7.—With the treasury facing a huge deficit and a tax increase being debated, members of the Woman's National Law Enforcement Commission today set out to show that prohibition has not cut the nation's revenues.

Mrs. Arthur Hedstrom of Buffalo, N. Y., speaking at a "law enforcement luncheon" today, presented a balance sheet to prove the contention.

She said $363,000,000 had been lost in liquor taxes. Gains, she said, included $779,000,000 in automobile taxes in 10 years of prohibition and $2,000,000,000 income taxes.

On the "loss" side she listed a decrease of 64 per cent in the amount of liquor formerly drunk. Most institutions for cure of drunkards closed. Decrease in children's cases in juvenile court and 50 per cent cut in arrests for prostitution.

Gains included 28 per cent increase in milk drunk from 1921 to 1925. 400,000 new homes built each year since 1921. 150 per cent increase in boy high school attendance and decrease in infant mortality.

Gems Estimated Worth $250,000 Reported Stolen

Atlantic City Police Are Searching For Gem Thieves In Quiet Manner

JEWELS REMOVED FROM BIG SAFE

(International News Service)

ATLANTIC CITY, N. J., April 7.—Police are searching today for gem thieves who stole $250,000 worth of jewelry from the safe of Batcheller, Inc., a boardwalk jewelry establishment. The loot belonged to Joseph Goodman, of Philadelphia, head of the firm of Joseph Goodman and Company.

The loss was discovered when Goodman asked the local jewelry firm officials to forward him some of the gems.

There were several cut stones in the collection as well as a number of uncut valuable stones. They had been placed in a separate drawer bearing a card with the words "do not open."

"Nothing to say" was all the information that could be obtained from police when questioned about the reported robbery. Officials of the firm also refused to talk.

Several Arrests On Serious Charge

Law Agencies Here Keep Watch For Alleged Drunken Drivers

Persons who operate automobiles while they are under the influence of intoxicants can expect no leniency from the state highway patrol, state police and other agencies of law in Lawrence county. During the past few days several arrests of alleged intoxicated operators has occurred.

State highway patrol, state police and other officers "ride the roads" day and night and are determined to break up the practice.

Automobile Case Is Still On Trial

Mrs. Anna Cecee Of Chicago Gives Her Version Of Wreck Near Princeton

The case of Robert F. Cecee, by his parents, Joseph and Anna Cecee of Chicago, against W. R. Stewart of Rose Point, in which damages are demanded as a result of an automobile accident on the New Castle-Butler road near Princeton, is still on trial before Judge Hildebrand today.

Mrs. Cecee, driver of the car which was going east, testified that as she approached the road leading to Princeton, Stewart, who was driving toward New Castle, made a left hand turn to go into the road leading to Princeton. Her car collided with that of Stewart and brought up against a concrete sign, where it was wrecked and the children injured. Mrs. Cecee claimed that she was not driving at an excessive rate of speed, and she had no idea that Stewart was going to turn in ahead of her until it was too late to avoid the accident. Mrs. Cecee's car was a complete wreck and had to be sold for junk. Considerable testimony was offered as to the condition of the car.

Alleged Drunken Driver Arrested

Charge Of Operating A Motor Car Without A Driver's License Against Another

Charles Stunkard, of Washington county, Pa., and Joseph J. Daugherty of Bridgeton, Pa., were arrested by Sheriff Frank Johnston on the New Castle-New Wilmington road yesterday afternoon, following complaints of the manner in which they were operating an automobile. An information charging Stunkard with driving an automobile while under the influence of liquor, and against Dougherty for operating without a driver's license, was made before Alderman Green.

The young men had taken a friend to Westminster college, and were returning home. They are being held in the county jail for a hearing on Tuesday before Alderman Green.

Final Banquet Plans Will Be Made By Vets

Ticket Committee Will Get Final Checkup On Tickets Sold In City

EXPECT GOOD CROWD AT BANQUET

Final arrangements for the Commander-in-Chief's banquet will be made by the committees from the Harry L. McBride Post, Veterans of Foreign Wars, and their Ladies Auxiliary at a meeting in the Legion Home Association Building this evening at 8 o'clock.

Chairman C. A. Leslie of the ticket committee asks every member holding tickets to make a report at this meeting in order that a complete check may be made on the number expecting to attend.

Plans for the banquet are virtually complete but there are still a few final arrangements to be made, and members of all committees are asked to be present at this time.

Members of the post who were in Butler last evening, attending a celebration commemorating the start of the world war 14 years ago, report that Butler expects to have approximately fifty at the banquet, and reports are now being received from other outside posts indicating a good attendance.

Double Check On "All Day" Parkers

Police Are Keeping Eyes Open To Nab "Double Parkers" Here

Alleged parking evils here have resulted in "check and double check", according to reports in police circles.

As soon as a policeman marks a car it is reported, owners move the car to another location.

By doing this at various periods during the day the owners keep cars parked all day in the business section.

It is reported today that Henry Dysart, legal department inspector, has been taking a check after police marked the cars.

It is known that Mayor Gillespie is considerably vexed over double parking and patrolmen are keeping a sharp vigil to make arrests.

Locating Rivers Is Easy For E. J. Davis

Answers Forty-Four Out Of Fifty Questions Published In The News

Locating rivers comes easy for Edward J. Davis, of 212 North Mill street. On Monday evening The News published a list of fifty questions on rivers. When Mr. Davis picked up his copy of The News, he was able to give the location of forty-four out of the fifty, without looking them up. His wife, Sara Dana Davis, was able to tell him where three of the other six were located, so that he only had to look up three. The list of questions was prepared by students at the deaf and dumb institute at Pittsburgh, and were sent to Assistant County Superintendent of Schools, C. F. Ball. Mr. Davis made an excellent record in answering them.

Ruth Byran Owen Suggests Limiting Of Dope Supplies

Will Urge International Congress To Adopt Stringent Dope Measures

(International News Service)

WASHINGTON, April 7.—An international agreement limiting production of narcotics to medical and scientific requirements will be urged at the forthcoming conference at Geneva on narcotics by Mrs. Ruth Bryan Owen, (D) of Florida, a member of the House Foreign Affairs committee.

Mrs. Owen declared that the "dope" evil can be halted only if all nations will band together in a drive on manufacturers preying upon persons who have developed a desire for narcotics.

She also will visit London to discuss business matters affecting the estate of her father-in-law, the late Sir Theodore Owen.

Bond Issue To Provide Funds

Hamilton, Lyndal, Highland And Widening Jobs Proposed

Should council pass the proposed ordinance which would increase the city's bond indebtedness $100,000, it is probable the city will resurface Hamilton street, Lyndal street, Highland avenue, north from Stewart Place to a point to be determined and also widen several thoroughfares.

The city, it was stated yesterday, has sufficient money to pave County Line street and pave eight other thoroughfares.

Taxes for 1931 have commenced to be paid at the city treasury, according to Treasurer Louis McClung and the outlook for improvements and employment of street labor is roseate following council's action yesterday.

Farming Today "Complex" One County Agent Tells Lions Club

Characterizing the farming of modern times as a "complex agriculture" and not the self-sufficing agriculture of olden days, Lawrence County Farm Agent Harold R. McCulloch, speaking before the city's Lions club this afternoon declared his views relative to the present farm problem.

"A Farm Problem" constituted the theme of the county agent's discourse, illustrated at different places with chart and picture slides. The address followed the club's regular luncheon.

"No one thing," Mr. McCulloch declared at the outset, "can be done by anyone that's going to solve the farmer's problem. It is a matter of cooperation—community cooperation, in which everyone must play a part. The farmer and the businessman must get together."

Mentioning how the difficult problem might be met, he asserted that "much of the improvement lies within the hands of the individual farmer who must use his best judgment in regards to management methods. The cooperation of the businessman also must play its necessary part."

The clubmen were told of the immensity of the farming industry, its vastness and wide expanse. Refering to this Mr. McCulloch said: "The farming of today is on a world-wide basis and farm products are bought and sold on a world-wide market. It is not as some people would believe, that communities set the market price. The world market determines this."

The club transacted its regular business today just preceding the address of the county agent.

The printer was wiser than he knew when he made his boss say that the cause of business depression was "overproduction."—The Goshen Daily News-Times.

Hope For Ending Coal Strike Is More Pronounced

Luzerne County's Miners 22,000 Strong Await Outcome Of Meeting

REPORT SENTIMENT IS QUITE STRONG

(International News Service)

WILKES-BARRE, Pa., April 7.—Luzerne county's coal fields today wore an air of grim anticipation as 22,000 striking miners awaited the outcome of an executive session of their general grievance committee, which is expected to settle the question of prolonging or ending their walkout.

At today's meeting of the committee, at which only delegates of local unions will be admitted, the vote taken last Saturday on rescinding of the strike order which tied up every mine of the Glen Alden Coal company in this county and several in Lackawanna county will be reviewed.

Hope For Agreement

Hope for ending the strike was more pronounced oday as the hour for the grievance committee neared. A week ago, attempts to rescind the strike order failed. Then came a denunciation of the strike by District and International officials of the Mine Workers' Union, and at the next meeting a vote to continue the strike carried by a lesser margin.

At last Saturday's meeting, the vote on a return to work was a tie ballot and this gave some leaders hope that resistance to ending the strike was lessening and that it might be possible to vote a return to work today.

Sentiment among the strikers, however, against a return to work before adjustment of their grievances was still strong and the outcome of the meeting today was a matter of hazard.

Low Prices Hit Fur Catch Value

HARRISBURG, April 7. — Low market prices, and not a scarcity of fur bearing animals, was responsible for a $200,000 decrease in the value of the furs taken in Pennsylvania during the past trapping season, Game Commission officials said today. The number of fur bearing animals taken totaled 949,696, slightly less than during last year. The fur value this year as just compiled from fur dealers' reports throughout the state amounted to $1,207,857.93. Muskrats headed the list, 407,852 being taken. Also there were 287,758 skunks, 127,298 oppossums, 84,370 weasels, 29,528 raccoons, 12,728 mink, 4,336 red squirrels, 7,917 gray squirrels, and 190 wild cats. In addition to this fur dealers report the sale of 447 bear hides.

Bank Of England Governor Ready To Leave Washington

Montagu Norman, To Terminate Washington Stay With Series Of Conferences

(International News Service)

WASHINGTON, April 7—Montagu Norman, governor of the Bank of England, expected to terminate his visit to Washington tonight, following a series of conferences with American officials.

Secretary of the treasury Mellon entertained at luncheon for the British financial chief, with Eugene Meyer, governor of the Federal Reserve board, the British Ambassador, Sir Ronald Lindsay, George L. Harrison, governor of the New York Federal Reserve Bank and other high officials present.

Officials here said that the conferences with Norman would prove helpful in bringing about a better mutual understanding of financial affairs of the two countries. They expressed the hope American officials would be able to visit England and other European countries to confer with central bankers apropos of conditions abroad, and that European bankers would come to the United States.

Senate Probers Ready To Quit

Senate Board Ready To Discontinue Hearings And Prepare Report

HOUSE COMMITTEE TO KEEP GOING

(International News Service)

HARRISBURG, April 7. — The senate committee which has been investigating public utilities and the public service commission is about ready to quit.

That was definitely established here today when two members of the committee indicated that unless "sensational" evidence was placed before the senate body within the next few days the probers will discontinue further hearings, make a report on their investigation and present it to the legislature next week.

Both committee members, who discussed the probe situation informally, pointed out that the senate body has already made several recommendations and has approved measures now before the legislature providing for changes in the fundamental public service law.

The house committee, with enough material to keep it busy indefinitely, will resume its hearings tomorrow afternoon when electric rates at Milford, Gov. Pinchot's home, municipal ownership of utilities at Chambersburg and rural electrification will be discussed.

SCHOOL BUS HERO TO VISIT HOOVER

Convalescence seems doubly slow to Bryan Untiedt, 13-year-old hero of the Towner, Colo., school bus tragedy since he is eager to accept President Hoover's invitation to pass a night in the White House. When the president heard of the boy's heroic battle to keep his school chums alive, while they awaited to be rescued from the snowbound bus, he decided to invite the lad to Washington. Bryan has been in a Lamar, Colo., hospital, recovering from severe frost bite, as the result of his 36-hour vigil during which he saw his own brother, Orlo, freeze. Photos show Bryan as a hospital patient, the bus and President Hoover.

Anti-Racketeering Insurance Is New

British Insurance Underwriters Insure Chicago, And New York Business Firm

Will Insure Almost Anything But Actresses' Jewelry Which Is Worth Nothing

By CHARLES A. SMITH
International News Service Staff Correspondent

LONDON, April 7.—British insurance underwriters are issuing anti-racketeering policies to safeguard New York, Chicago and other American firms against attacks by gangsters, it was revealed today.

The first racketeering insurance policy was issued to a New York Electrical company, which had received an underground warning against sabotage.

The policy was granted on favorable terms, it was said, so much so according to insurance circles that many similar policies have since been drawn up.

Insure Anything

This latest insurance innovation is proof of the truthfulness of the boast of English underwriters that they are willing to insure almost anything from a signet ring to a battleship.

"The other day we agreed to insure a young man who feared he might be disinherited under a will," said an underwriter.

"But we have discontinued effecting insurance on actresses' jewels. We discovered they were not worth underwriting."

Unusual insurances on the books of London underwriters include:

Court dressmakers and theatres against the risk of a death in the royal family;

Doctors and dentists against making mistakes, and,

Musicians against accidents to their fingers and dancers against accidents to their legs.

Move For Rockne Memorial Launched

SOUTH BEND, Ind., April 7.—With money already received from various sources, although no effort had been made to solicit funds, plans for a memorial to Knute Rockne were inauguarated today.

Frank E. Hering, captain of the 1896 Notre Dame football team and national president of the Notre Dame Alumni Association, and James E. Armstrong, national secretary, met today with Rev. Fr. Charles L. O'Donnell, president of the university, to discuss the memorial project, following numerous inquiries from Notre Dame men.

Father O'Donnell revealed that a number of donations already had been received in anticipation that a memorial would be erected.

Suggestions as to the form of the memorial will be made by a committee, nation wide in its scope, and composed of Notre Dame alumni and friends of the famous coach.

FOURTEEN CHICKENS STOLEN IN WAMPUM; REWARD IS OFFERED

Constable Raymond Tally of Wampum said he is still looking for the thief who made away with 14 chickens belonging to Sam Fox of Wampum. Townspeople say the robbery was something out of the ordinary because the fowls were stolen in broad daylight from Wampum's main thoroughfare on Sunday.

A reward of $15, the constable said, is being offered by Sam Fox for recovery of his prize chickens.

Home At Wampum Burned To Ground

Cement Company Building Fire Tries Efforts Of Wampum, New Galilee Firemen

Officials of the Crescent Portland Cement Company of Wampum today estimated that damage of $4,500 was sustained in a fire which totally destroyed the company-owned home of George Clark on the Wampum-New Galilee road Monday morning. In addition to the building, a two story frame, the entire household goods of the Clarks were destroyed at a loss of about $1,000, it is reported by Constable Tally of Wampum.

Fire is believed to have started from a defective flue and made such rapid headway that firemen from Wampum and New Galilee who responded could do nothing against the flames. Occupants of the house were away at the time.

Miss Fesler has chosen to be married at at the home of a sister, Mrs. James A. Nyswander, in Ann Arbor, Mich. Lipman is a lawyer of San Francisco and their home will be in Berkeley.

Before coming to the capital to become secretary to Mrs. Hoover Miss Fesler was a student at Leland Stanford university. She will be succeeded by Mrs. Frederic Bates Butler, wife of Lt. Butler, executice officer for Lt. Col. U. S. Grant 3rd, director of public buildings and grounds here.

Mrs. Butler before her marriage was Mrs. Hoover's secretary when Mr. Hoover was secretary of commerce. She also is a Californian.

Tracts Of Land Are Condemned

Federal Judge R. M. Gibson Condemns Valuable Land In Three Counties

WILL ESTABLISH FEDERAL PRESERVE

(International News Service)

PITTSBURGH, April 7.—Tracts of land in Warren, McKean and Elk counties, comprising a total of more than 2,000 acres, sought by the Government as National Forest Preserves for forestration and water sheds, today were under condemnation order issued by Judge R. M. Gibson in United State court. The court also appointed boards of viewers for the tracts.

Condemnation proceedings were instituted by the Government on January 31, with approval of the State Forestry Reservation Commission and the Water Supply Commission of Pennsylvania.

For a large tract of McKean and Warren counties, H. H. Potter, Sheffield; George L. Irvine and Charles C. Swain, Barnes, and W. H. Thomas, P. P. Kantz and F. S. Halbert, Bradford, were appointed viewers.

Hector McDonald, John Nagle and John O. Myers, all of Ridgway, were appointed viewers for a 651 acre tract in Elk county.

Refinancing Of Film Company To Be Made April 15

Plan To Add Several Outstanding Financiers To Board Of Directors

(International News Service)

NEW YORK, April 6.—Completion of the proposed $75,000,000 refinancing program of the Fox Film corporation will be effected April 15 when stockholders will vote on a recommendation to add several outstanding American financiers to the board of directors. Announcement of the additional directors plan was made today by Harley L. Clarke, president of the company.

He said the following had agreed to join the board:

Albert H. Wiggin, New York banker; Cornelius Vanderbilt; New York capitalist; Philip Stockton, Boston banker; Philip R. Clarke, Chicago bank head; Frank O. Watts, St. Louis banker, and George M. Moffett, president of a Refining company.

He said the following had agreed to join the board:

Those of the present board slated to be re-elected are: Harley L. Clarke, Mathew C. Brush, C. W. Higley, Winfield Sheehan and William Fox.

Directors whose names were not listed for re-election were O. L. Gubelman, H. E. Higgins and S. C. Munoz.

Details of the new financing plan, which is planned to retire $55,000,000 of one-year notes and take of other obligations will be made public shortly.

Stepmother Will Wed Her Stepson

Widow Of Professor Ephriam Adams Of Stanford To Wed Stepson

(International News Service)

SAN FRANCISCO, April 7.— A wedding will be consummated here Saturday in which a stepmother and a stepson will become man and wife.

The former Miss Florence Ober became the wife of Professor Ephriam Adams of Stanford University in 1917. He died last year Saturday. Sidney Francis Adams, Gilman, Colo., mining engineer and son of Professor Adams, will marry Mrs. Adams, his stepmother.

Mrs. Adams graduated from Stanford in 1918; her husband-to-be graduated four years later.

Professor Adams had three sons by his first marriage and four daughters by his marriage to Miss Ober.

Kirkland Faces Death If Found Guilty By Jury

Virgil Kirkland To Gamble All In Being Granted New Trial

FATHER OF SLAIN GIRL IS BITTER

Gary, Indiana, Athlete To Face Trial On Ravishment Counts

(International News Service)

VALPARAISO, Ind., April 7.—Despite the fact the threat of the electric chair again looms before him, Virgil Kirkland, convicted of the murder of Arlene Draves during a drinking affair, was happy today.

Both he and his family regard as a forerunner of ultimate victory the ruling yesterday permitting the high school athlete another trial on the charge for which he now is under a sentence of life imprisonment.

The new trial is set for April 29. The same technicality which gives the youth another chance to prove his innocence forces the defendant into a desperate gamble—liberty or death in the electric chair with no alternative of life imprisonment.

Ravishment Charges

After Judge Grant Crumpacker made his ruling, Prosecutor John Underwood announced the state would nolle prosse the first two counts of the indictment. He said he would go on trial on the third and fourth counts, both of which charge murder by ravishment or attempted ravishment and carry a mandatory death penalty.

From Charles Draves, father of the slain girl, came a note of bitterness and reproach. He said:

"I didn't think they'd do it. I thought Kirkland was lucky at the first trial. He didn't get what he deserved, but maybe he'll get it next time."

Starchok Enters Not Guilty Plea

Conemaugh Man Repudiates Former Confession That He Killed Girl

TRIAL DATE IS SET FOR MAY 11

(International News Service)

EBENSBURG, Pa., April 7.—Entirely repudiating his former confession to the brutal attack and murder of seven-year-old Betty Mowry, last March 13, Harry Starchok of Conemaugh pleaded not guilty when arraigned on a murder charge.

Attaches at the Cambria county court indicated today that Starchok will be placed on trial in connection with the child's death next May 11.

Following an absence of several days, Betty's body, crushed and beaten, was found under floor boards in Starchok's home where she had ostensibly gone to play with his child.

Welsh News

(By WILLIAM A. JOHNS)
(Brython)

A very interesting meeting was held by the members of the Star of Wales lodge No. 60 True Ivorites of America on Saturday. President Daniel Hughes presided.

The children of the Sunday school of the Emmanuel Baptist church rendered a splendid and beautiful Easter cantata last Sunday evening. The committee in charge was composed of Mrs. John Thomas, Mrs. Tom Lloyd and Mrs. Ellen Jones. Miss Ann Jones was at the piano.

A letter came to hand this week from the Welsh veteran Thomas Edwards of Pico, Calif., stating that he has been ill for the past two weeks. The letter also states that his oldest daughter, Mrs. John S. Rogers, has been operated upon.

Rev. Emrys Thomas the former pastor of the Emmanuel Baptist church of this city, is making arrangements to visit New Castle. Rev. Thomas will occupy the pulpit of the Emmanual Baptist church on April 26.

Rev. Rees T. Williams has made arrangements with the pulpit committee of the Emmanuel Baptist church to have Rev. William Glyn Williams of Plymouth, Pa., and former pastor of the First Congregational church, to fill the pulpit on Sunday, May 17.

Mrs. Russell, who will be remembered as Nana Jenkins, and who is now making her home in New York together with her baby, is visiting her parents, Mr. and Mrs. William C. Jenkins of Delaware avenue.

Mrs. Samuel Jones of East Reynolds street received the sad news of the death of her sister-in-law at Jersey City.

Rev. Rees T. Williams, pastor of the First Congregational church, left this week to attend the convention of the denomination of which convention he is an officer.

Sherwood Johns, son of Professor Richard E. Johns of Park avenue, has returned to resume his studies after spending a pleasant Easter with his father and brother.

City Ministers Inspect School

The New Castle Ministerial Association held their regular bi-weekly meeting Monday evening in the George Washington Junior high school, with Rev. D. C. Schnebly presiding and Rev. D. D. Sleppy giving an excellent paper on "Education and Religion."

Closing the business session, which was brief, the men were taken on a tour of the building by Principal Thacker, and those who had visited the building for the first time were amazed at the completeness of the school and equipment.

As the noon hour approached the ministers were invited to partake of luncheon in the school cafeteria, which further demonstrated to the men, the adequate provisions made for the pupils attending here.

When landslides recently closed the highway between San Miguel and Ibague, Columbia, to automobiles, the primitive custom of mule-back transportation was revived.

Will Pass Sentence On Train Wrecker

Man Who Wrecked Train, Killing 13 Persons Will Be Sentenced In Oklahoma

(International News Service)

OKLAHOMA CITY, Okla., April 7—Sentence is expected to be passed today on George Darnell, 38, who pleaded guilty in superior court at Henrietta to murder charges in connection with the deaths of 13 persons in a Frisco passenger train wreck on August 18, 1929.

In his confession, Darnell told how he wrecked the train and said his act was committeed in a spirit of revenge for having been discharged.

THE PARENT PROBLEM

Nature Lore Needed By Rural Child

Country Youngsters Don't Know Their Birds And Bees

By GARRY C. MYERS, PH. D.
Head Division Parental Education, Cleveland College, Western Reserve University

I grew up in an isolated little valley. It is a beautiful place, but only lately have I learned this fact. There I lived with the beautiful birds and trees and flowers all around me.

I learned the names then of only a few of them. The locust tree I knew because we cut it down for posts to build fences, and the chestnut and hickory under which I gathered nuts. I also learned that hickory made good firewood and chestnut and white oak good rails. But how hard those hickory chunks were to saw and split!

I learned the name of the swallow which cluttered up the chimney, the sparrow which built nests in the rainspout and other inconvenient places and disfigured the old buggy and farm machinery. The robin came to give us hope of spring, but the old black crow merely disturbed us with his quarrels with other crows and he, moreover, used to pull up the peeping corn plants to steal the grain from which they grey. In the bobolink, the meadow lark, the wren and mocking bird I had little interest. I don't remember hearing once a word from any teacher in the district school talking of the beautiful flowers or birds or trees about us.

Some teachers of the rural schools are doing better today, but I fancy that most country children are still growing up about as ignorant as I was of all the beauty everywhere around them.

* * *

For years, while teaching city children, I observed the pitiful attempt at instructing children of the beauties of country places. To most of the children the instruction had little meaning. Irony of fate that where Nature's grandeur reigns in all its splendor, the eyes and raes of children should be so blind and deaf to them, and that where little of such beauty is to be observed children are told about it.

Let us hope the day will come by and by when children living in the country will learn to see and hear and appreciate the beauties all around them. Fewer children then will want to seek the ugly, noisy city.

* * *

There are some good books which you may be able to find in your nearest library or borrow by mail from your county or state library. My friend, A. B. Brooks, naturalist at Oglebay Park, just outside of Wheeling, West Virginia, made up this list of books for me which I am passing on.

Burgess: Bird Book for Children (Little, Brown & Co., Boston).

Burgess: Animal Book for Children (Little, Brown & Co., Boston).

Burgess: Whitefoot, the Wood Mouse (Little, Brown & Co., Boston).

Finley: Wild Animal Pets.

Stack: Wild Flowers Every Child Should Know (Grossett and Dunlap, New York).

Reed: Flower Guide (Doubleday, Page & Co., New York).

Reed: Bird Guide (Doubleday, Page & Co., New York).

The public schools of Wheeling are doing something many other city schools could well emulate. Whole classes of school children every day in the spring and fall are taken to Oglebay Park, where a naturalist from the West Virginia State university leads them on an easy all-day excursion. Here the children naturally see and hear the birds about which they had heard in the classroom. A butterfly or moth or the cocoon of either is an object of absorbing interest for the youngsters—real education.

That fellow who says the true sleeping sickness is confined to Africa should observe America's public conscience.

Business Women Meet On Monday

International President B. P. W. Will Speak In City Monday, April 13

Miss Charlotte Emery, Miss Jessie Jenkins and Miss Myrle Riley, members of the transportation committee, were in charge of the program presented Monday evening at the Business and Professional Women's club meting in the Green Room of the Y. W. C. A.

The tables at which places were set for about fifty, were decorated with centerpieces and favors suggestive of travel, showing the various methods of transportation. There were miniature trains, automobiles airplanes, etc. Inside the little suitcase favors were copies of a song and a question used later in a game.

After dinner, the business meeting was conducted by Miss Nancy Bechtol, president of the club. Minutes of a past meeting were read by Miss Geneveieve Riddle and the treasurer's report was given by Miss Naomi Raney.

Several letters referring to the Mother's Assistance Fund were read by the secretary. This was followed by reports of the music committee health committee and committee of arrangements for the annual banquet.

The club decided to furnish glasses to some children unable to get them otherwise.

Plan Annual Banquet

Miss Bess Gailey, chairman of the banquet committee, announced that the annual banquet of Business and Professional Women will take place next Monday evening, April 13 in the First United Presbyterian church. Dinner will be served at 6:30 and the speaker of the evening will be the International president, Miss Lena Madesin Phillips. Her subject will be "Russia."

Miss Gailey appointed the Misses Verlee Armstrong, Jessie Jenkins, Rose Butz, Effie Butz, Charlotte Emery and Ruth Philpott to help with arrangements.

It was also announced that Miss Phillips will speak at noon Monday before the Rotary Club. Because of the annual banquet it was decided last night to omit the April 20 meeting.

Miss Bechtol spoke of the meeting of representatives of the B. P. W. Quota, Lions, Kiwanis and Rotary clubs, held last Wednesday for the purpose of discussing a community council. The matter will be taken up before the board of the other clubs in the near future. The B. P. W. Club is strongly in favor of such an alliance and the members last night sugested that the president, secretary and immediate past president be represented on the council.

An invitation from the Cambridge Springs club, inviting the local women to dinner Tuesday evening April 21, at 6:30 in Hotel Bartlett was read. Reservations must be made before April 14.

The next meeting will take place May 4 when the annual election of officers will take place. Nominating committee, appointed Monday evening, includes Misses Nance Mitcheltree, Rose Butz, Olivia Griffith, Jeanette Hutton and Mrs. Capitola Biles.

Miss Charlotte Emery and her committee then took charge of the program. Miss Jenkins read two letters, telling of the state and national conventions, the former to be held May 14, 15 and 16; the latter to be held July 6-11.

Questions found in the "suitcase" favors were read and answered telling some interesting information about Richmond, Virginia, the location of the national convention.

Miss Emery announced the coming good will tour, and told of the enthusiasm caused by last summer's tour.

Mahoning Judges Go To Columbus

Five Mahoning County Judges Will Appear Before Ohio Supreme Court

(International News Service)

YOUNGSTOWN, O., April 7. — The common pleas courts were closed here today as the five judges traveled to Columbus to appear before the state supreme court for a hearing on their petition to conduct an independent investigation of Ohio utilities without the aid of Ray Thomas, County Prosecutor, who seeks to block their move by an injunction.

Judges David G. Jenkins, George H. Gessner, Erskine Malden, J. H. C. Lyon and Frank L. Baldwin, the entire bench, made the journey.

Attorneys Osborne Mitchell and David Kennedy will present the case for the judges and Thomas will be represented by Attorneys Oscar Diser, R. P. Hahn and W. P. Barnum.

Justice Department Fights Battle For Trade Commission

Commission Seeks To Establish Right To Prevent Frauds On Public

"Anti-Fat" Company Ordered To Cease False Representation In Product

(International News Service)

WASHINGTON, April 7.—The department of justice today took up the battle of the federal trade commission to establish its right to prevent frauds upon the public as well as to prevent unfair competition between industries.

Although the justice department on several occasions has refused to represent the commission in the supreme court, Solicitor-General Thacher has filed a brief in the commission's appeal in an anti-fat remedy case.

The case involves an order by the commission to an "anti-fat" company to cease alleged false representations. But as the case comes before the high court the question is limited to the commission's jurisdiction in a case involving an alleged fraud against the public.

Important Ruling

The commission appealed after the sixth circuit court of appeals, according to Thacher's brief, ruled that the commission had no power to protect the public. The brief also embraced in the brief to be considered by the high court discusses present day cures for obesity.

Testimony of physicians admittedly was conflicting before the commission. The government presents the statement of one doctor who said that 95 per cent of obesity cases were caused by overeating.

Should the commission win its appeal, it will acquire far-reaching authority to investigate and regulate advertising of scores of products affecting the health of the public.

Buchanan Fortune Claimants Located In This District

Mercer And Grove City Men Seek To Share Of $850,000,000 Estate

Of the nearly 1,200 persons who will share in the division of the huge $850,000,000 estate established by relatives of President Jas. Buchanan are two in this district. They are Dr. W. G. Buchanon of Mercer and Dr. B. K. Buchanan of Grove City, sons of the late Dr. James Buchanan of Harrisville.

L. C. Buchanan of Houston, Tex., great grandson of Wm. Buchanan a cousin of the former president, in explaining the story of the fortune, declared that property leased 99 years ago by his forbear had reverted this year to the Buchanan estate and that attorneys were preparing to see it and divide the proceeds.

Amelia Calls Off Altitude Flight

(International News Service)

PHILADELPHIA, April 7. — A "low ceiling" forced Amelia Earhart, noted trans-Atlantic flier, to postpone her proposed flight in an autogiro today.

She had intended trying to establish a new altitude record for women, but the proposed attempt will have to await improved weather conditions, the famous aviatrix said.

Hoover-Norman In Conference

"We Only Talked About Spring Blizzard" Norman Tells Reporters

BANK OF ENGLAND HEAD HUMOROUS

(International News Service)

WASHINGTON, April 7.—President Hoover and Montagu Norman, governor of the Bank of England, had a twenty minute conference today—but, believe it or not, all they talked about was a spring blizzard that blustered through Washington this morning.

Emerging from the White House, the British financier was besieged by reporters who inquired what grave international financial problems were discussed.

"We talked about the blizzard," suavely replied Norman. "No, nothing else. We agreed we couldn't stop it."

Whereupon he hurried away for more conferences with government officials.

Euclid Church Presents Program

Sets New Record For Sunday School Attendance With One Scholar Absent

The Euclid Avenue Methodist church broke all records of the church at the Sunday session of the Sabbath school when but one scholar of the entire enrollment was absent.

A. W. Snyder, superintendent of the church school believes this church has set a goal in attendance. The Sabbath school is small, having an enrollment of 62, but of these there were 26 with perfect attendance for the first quarter of the year.

The Easter program was successfully carried out, under the direction of Elizabeth Warwick and Mrs. Shoup.

The most beautiful feature of the program was the pageant of "Mary Magdalen", depicted by four girls.

Following the program Rev. Margaret Joshua delivered a powerful Easter sermon.

The program included:

A Suggestion—Leone P. Weiss.
A Tiny Tot's Welcome—Marcellus Ely.
The First Easter Blue Bird—Winifred Simons.
An Easter Geranium—Jean Badger.
The Risen Savior—Charles Mead.
Words of Truth—Thomas Mead.

Boy Scout News

FIVE NEW 'TENDERFOOTS'

Troop No. 2, met Monday evening with 8 scouts, 5 visitors, and one troop committeman present. The meeting was held in the First Baptist church at 7:30. Scoutmaster William Wallace was in charge of the meeting.

Plans were made for a hike next Saturday morning, April 11, 1931. Boys are requested to meet at the church at 8 a. m.

The following members completed Tenderfoot tests: George Weiker, Lester Triplett, Clarence Tripplett, and Earl Hammond. John McClelland has completed requirements for the Star Scout Rank.

Scoutmaster William Wallace.

TRAINING FOR MEET

The weekly meeting of Troop No. 17 was held at the First Presbyterian church on Thursday evening with 25 scouts present. Scoutmaster Ed. Schmidt and Assistant Scoutmaster Garland Crites were in charge of the meeting.

The opening color ceremony was used with four scouts in uniform participating. Color bearers were Bob Kelley and Dick Hamilton; guards were Bud McCamic and James Bartholomew. Bugler Wm. Powell sounded colors. Dues were then collected. Games were played while the first aid team members were practicing for the First Aid Meet which will be held at the Carnegie auditorium on April 9 to determine the winner of the Tully trophy.

The closing ceremony was in charge of the scouts who were in charge of the opening ceremony. William Powell sounded taps and the troop was dismissed.

DRESS YOUR HAIR TO SUIT SELF

The mode of the moment in hairdressing wills that every woman follow her own sweet will; that she select her special type and conform to it as long as it pleases her. So says Lucien Lelong, famed Paris couturier. The young woman with the golden locks, the dark beauty, the girl with the auburn curls, the Oriental type of woman, the tiny blonde, the tall, stately woman with the chestnut locks, each studies her own individuality and dresses her hair to suit it. Which diversity of hairdressing, especially for evening, is a relief after the shingle of the last decade.

State Expects To Take Over Roads In August

(From News Bureau) (State Capital)

HARRISBURG, April 7.—Provision in the administration's township omnibus road bill to take over these roads by August 15 will allow the Highway department sufficient time to place most of the mileage in shape for winter driving. The department will have more than two months before winter weather sets in to prepare these 20,000 miles for traffic.

While much remains to be done before final enactment of the administration road bill the department is forming its plans accordingly. It has been taken for granted that the bill will be approved and the state assume responsibility for this additional mileage.

The omnibus bill is to be passed by the House in the same form as introduced. In the Senate minor amendments may be made, if necessary, and then a conference committee will iron out the differences.

The bill provides that the Highway department assume responsibility for these sections of roads on August 15. That is sufficient time to enable the maintenance forces to place them is shape for the winter season. It is unlikely that any of the roads to be taken over will be surfaced this year.

As funds are available the department will purchase additional equipment needed to properly maintain this additional mileage. The newer equipment will be used on the main routes and the older machinery sent to the township road system which is to be taken over.

Chest Board Holds Meeting

Marcus Feuchtwanger Named Vice President At Meeting Last Evening

Members of the Community Chest board held their April meeting in the Chamber of Commerce rooms last night with a good attendance present, and the chairman, Mrs. Grace Phillips Johnson, presiding. Regular business was transacted, and reports received.

The citizen of the community who have made pledges to the Chest have done very well in payment in many cases, officers of the Chest stated today though there still seems to be a number of subscribers who pledged, but as yet, have made no payment. Probably many of these are simply an oversight on the part of the subscriber, yet all payments of any kind are very acceptable just now.

Marcus Feuchtwanger was elected as second vice-president to fill the vacancy caused by DeLace Cole's vacating membership in that capacity.

The Chest members present last night are planning ways and means which shall improve Chest method and program as it goes along. The New Castle work compares very favorably with Chests everywhere in the low per cent of overhead; and it is earnestly hoped that the public will continue to give it their support. The Chest way seems the best way.

MANY ILLS ARE DUE TO FATIGUE

Common Cold Is Very Easy "To Catch" When "Tired Out"

Fatigue, according to medical authorities, lowers the resistance of the human system. As a result, the system is more susceptible to infections. For example, when fatigued, the body is easily chilled and often a head cold or worse follows.

One of the most effective ways to overcome fatigue is to eat or drink something sweet. A soda fountain beverage, ice cream, a piece of candy and small cakes are appropriate because they are quickly digested and their energy is ready at once to restore vigor.

Thousands of people who work, or spend the day shopping, have learned the value of a mid-afternoon sweet snack to banish fatigue. Children upon coming home from school are also benefited by a light, nutritious sweet food. Most foods are more delicious and nourishing with sugar. The Sugar Institute.

Cleveland Young Man Admits That Auto Killed Man

(International News Service)

BUFFALO, N. Y., April 7.— Earl White, 25, Cleveland, O., admitted today that he drove the automobile that killed Philip Regarello, 35-year-old Buffalo man Monday night, according to police. He was held on a second degree manslaughter charge.

Regarello was the fifth person killed by hit and run drivers here in the past nine days. When arrested White was seated in a cream colored roadster, his left hand bandaged. Witness said Regarello was hit by such a car.

Then there was the innkeeper of Glasgow who set his hotel on fire and charged the guests two dollars extra for heat.

CHILD STOPS HENDERSON'S CUSSIN'

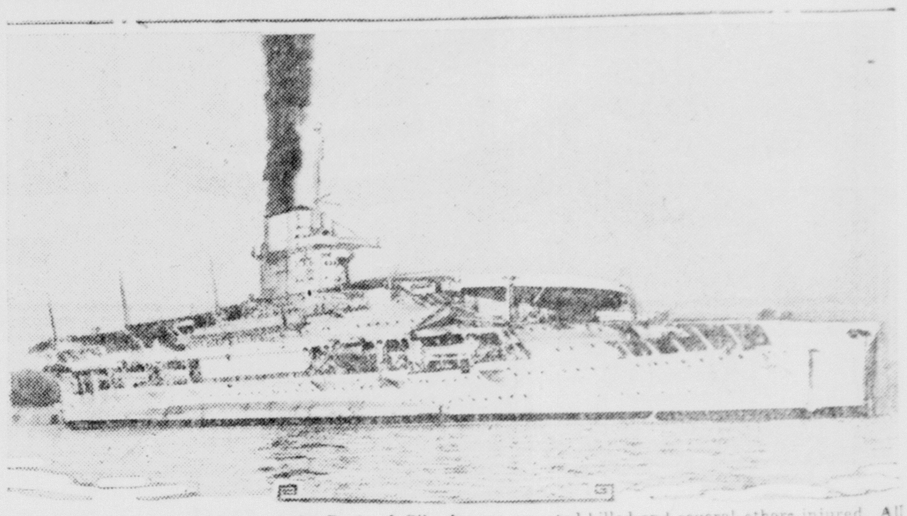

What the federal radio commission could not do, a 12-year-old girl, Louise Carlson of Wichita, Kas., has accomplished—silencing the cuss words of W. K. Henderson, owner of radio station KWKH, Shreveport, La. Louise listens to all of Henderson's broadcasts and recently wrote him a note asking him not to swear except upon very special occasions. The fiery Henderson, whose tirade on chain stores has been heard throughout the nation, replied that no cause was worth using words which offended nice young girls. He promised Louise that if she or any other little girl heard him use a single swear word he promptly would forward a five-pound box of candy. Louise, above, says she would rather not have Henderson, inset, swear than receive the candy.

Fights Divorce Law

Dr. A. C. Miller (above), recently elected President of the Home Protective Association, of Little Rock, Ark., will lead the attack upon the State's divorce law, which shortens residence requirements from one year to ninety days.

British Plane Carrier That Crashed Liner

While cruising in the vicinity of the Rock of Gibraltar, the British airplane carrier, H. M. S. Glorious, crashed into the French liner Florida during a dense fog. Thirty of the Florida's passengers were reported killed and several others injured. All the survivors were removed to the plane carrier, which stood by to aid the damaged liner.

Social Leader

Daughter-in-law of Josephus Daniels, who was Secretary of the Navy under President Wilson, Mrs. Josephus Daniels, Jr. (above), has been elected to succeed herself as president of the Junior League, at Raleigh, N. C.

Thousand-Foot Dive Ends in Backyard

It isn't every day that a plane drops into one's backyard, so this group of rubbering citizens of Western Springs, Chicago, may be excused for whiling away a few moments in examination of the visitor from the sky. Photo was taken after the two-seater biplane, piloted by Ralph C. Wilson, had dived from 1,000 feet and crashed on the lawn of a suburban villa. Wilson was critically injured.

BREAKS RECORD BUT SAVES TEETH

While waiting for the spring track and field season to get under way, Dr. Clarence (Bud) Houser, holder of world's discus throw record, works in his Los Angeles, Cal., dental office. Houser expects to compete again this year for the Los Angeles A. C.

Love Tomb To Be Reproduced

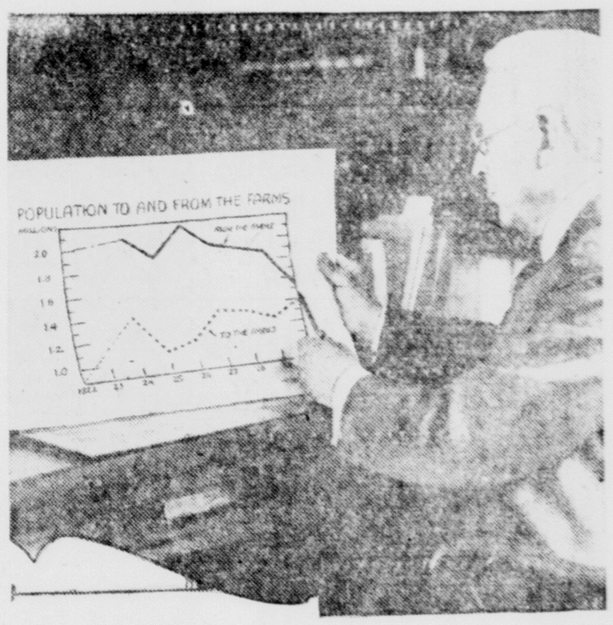

The Taj Mahal (above) at Agra, India, built by a Rajah as a love memorial to his dead wife, and said to be the most beautiful building ever erected by man, will be reproduced in detail for the French Colonial Exposition at Paris. It will take its place beside America's Mount Vernon, and other picturesque architectural designs. The reproduction will be financed by the Aga Khan (inset), one of the world's richest men.

Charged With Trooper's Death

William Schemnitzer (right), pictured on his arrival in Albany, N. Y., handcuffed to a State trooper. He is accused of slaying Trooper Sergeant John E. Frey, and has been brought back from McAlester, Okla., where he was arrested.

Back to the Land

According to the survey made by Dr. C. J. Galpin (above), population expert of the U. S. Department of Agriculture, farm population shows an increase for the first time in ten years. The chart shown above reveals that during the year 1930 as many people went back to the land as left for cities.

HATHAWAY SNAPPED IN HIS CELL

Top photo shows Elliott Hathaway, 28-year-old son of a Fall River, Mass., legislator, in his cell at Howard, R. I., awaiting trial for the murder of his sweetheart, Verna Russell, student nurse, near Tiverton, R. I. Inset is Miss Lois Johnson, friend of the slain girl, who has been questioned by state troopers as a possible key witness. She also is a nurse at the Truesdale hospital in Fall River.

When a Queen Shops

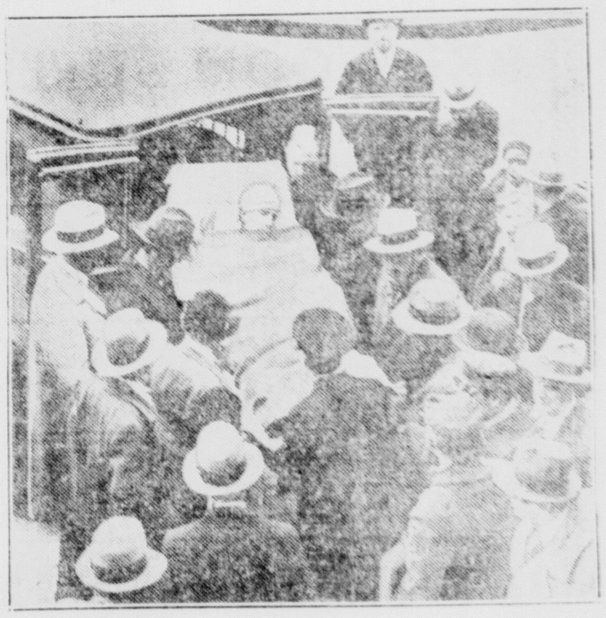

Easter shopping carries a distinct appeal, not alone to the stenog. and deb, but also invades even the domains of royalty. Among the shoppers in the gay French capital was the Dowager Queen Marie of Rumania, who is shown above in earnest conversation with a friend, no doubt discussing the latest creations from the hand of Dame Fashion.

Congratulates Future Victor

Another speed record went across the Atlantic when Kaye Don, British speedster, bettered the motor boat mark recently set by Gar Wood, at Miami, Fla. Don drove his Miss England 2nd over the Parana River, Buenos Aires, at 103.73 miles an hour. Above photo shows Don being congratulated by Gar Wood when, on a previous occasion, the former attempted to set up a new auto speed record at Daytona Beach, Fla.

Couldn't Keep Him Away

Atkinson being carried to the State House at Annapolis, Md., on a stretcher, in order that he may cast what he hopes would be the deciding vote for the repeal of Baltimore's Sunday Blue Laws. The ailing statesman was brought from a hospital in Baltimore where he had undergone a serious operation.

Wheeler Predicts Muscle Shoals To Be Given Passage

Senator Wheeler Charges Hoover With "Favoring Power Trust"

NEXT CONGRESS TO OVERRIDE VETO

(International News Service)

TOLEDO, O., April 7.—Charging that President Herbert Hoover had given "one more indication of his friendship for the power trust" by vetoing the Norris Muscle Shoals bill, Senator Burton Wheeler, a Democrat, of Montana, today predicted that the measure would be passed over a veto by the next congress.

In a speech before the National League of Women Voters here, Senator Wheeler charged that the dismissal of Charles A. Russell, former solicitor of the federal power commission, evidenced the attitude of the president on the power issue. Citing the Russell case, the senator said:

"To me the discharge of Russell, arch foe of the power trust, was one of the most shameful abuses of power ever exhibited by a body of men since the exit from public life of the Daugherty-Jess Smith gang that infested the capital during the Harding administration."

Pointing to the low cost of power from the government-owned plants in Ontario, Canada, Wheeler charged that "there is no reason why this government could not make the same success in the operation of Muscle Shoals."

Verdict Rendered For Defendant In Auto Damage Case

In the case of Harry and Sophia Nagin of Pittsburgh against Floyd E. McGuire, which was tried before Judge Chambers, the jury brought in a verdict at noon today in favor of the defendant. The Nagins sued to recover damages as a result of an auto accident on the New Castle-Sharon road, at the intersection of the Pulaski road west of New Wilmington. The case was given to the jury about 11 o'clock this forenoon, and a verdict was rendered before court adjourned at noon.

C., April 14-15, to hold the second conference of the Women's Organization for National Prohibition Reform.

WARN PUNISHMENT HEAVY FOR MAIL BOX 'BURNERS'

East Side Box Contents Destroyed Over Week End, Office Reports

THIRD SUCH PRANK TO BE REPORTED

A severe fine and heavy prison sentence will be the ultimate fate of any who wilfully destroy mail deposited in New Castle's street letter boxes, Postmaster Edwin Crawford today declared after announcing the perpetration of a third mail-burning act in the East Side section of the city.

Discovery of the latest letter box episode was made yesterday by the carrier who serves the East Washington street-Maryland avenue district. The box concerned stands at the intersection of the two streets.

Mail Destroyed

Eight letters were burned to a crisp when someone purposely dropped a lighted match into the letter slot, the damage of the contents of the letters being unknown, the postmaster reported. A piece of the match was found.

It has been only within recent months that two similar cases were reported from the East Washington-South Ray street section. However, in both occurrences, the loss to the contents was slight.

Postmaster Crawford today was considering the removal of the two affected boxes from their stands and said this action would be taken unless the depredations stop.

Boys Suspected

Authorities said they are certain the violators are mischievous boys who fail to realize the seriousness of their pranks. The government does not look upon the matter as a prank, Postmaster Crawford assured, and will handle the case accordingly.

Lighted cigarets were thrown into the boxes before, but evidence revealed a match was used this time. The Maryland avenue box was not opened from Saturday morning to yesterday morning. The match was dropped in some time over Sunday.

The postmaster and other post office officials reminded that in two or three other cities in the state where similar violations have occurred, perpetrators are now serving lengthy terms behind the bars at state penitentiaries.

Mail-destroying acts here are handled by federal authorities of the United States government.

Legion Invites Herbert Hoover To Convention

President Hoover Invited To Convention To Be Held At Detroit In September

DENIES PUBLISHING OF LEGION REPORT

(International News Service)

WASHINGTON, April 7.—Ralph T. O'Neil, national commander of the American Legion, and Gen. Milton Foreman, of Detroit, today invited President Hoover to attend the next annual convention of the Legion to be held in Detroit in September. The president took the invitation under advisement.

While at the White House O'Neil took occasion to deny published reports that in a speech in Alexandria, Va., last night, he set forth the Legion's legislative program for the next session of congress. He said the program he outlined was that adopted at the Boston convention of the Legion last year and was for presentation at the last session of congress.

Gregor Mraulak Falls Down Stairs; Dies In Hospital

Gregor Mraulak, aged 59, a resident of Bessemer, who was brought into the Jameson Memorial hospital Sunday evening about eight o'clock, died in the hospital shortly after noon today.

Mr. Mraulak was going to the cellar of his home Sunday evening, when his foot caught on one of the cellar steps, throwing him head first down the stairs, he landed on the cement floor in such a manner that his head was badly hurt; an ambulance was called and he was hurried to the hospital, where upon examination it was found he had sustained a fractured skull.

All possible was done for him, but the wound was so severe that death followed today.

Mr. Mraulak is survived by a son, John, and a daughter-in-law, Mrs. Catherine Curick Mraulak; two brothers, Joseph of Bessemer, and Martin of Stoneboro.

Funeral arrangements have not been completed.

State Stands Among Leaders In Education

Is Listed As "100 Per Cent" By United States Office Of Education

TEACHERS MAKE REPLIES IN SURVEY

By ARTHUR C. WIMER
Special Washington Correspondent of New Castle News

WASHINGTON, D. C., April 7.—Pennsylvania, according to the United States office of education, is a "100 per cent" state.

About six weeks ago the office of education sent a questionnaire to each teacher in the public schools of Pennsylvania in a national survey on the education of teachers. Returns from all the questionnaires sent teachers in the Keystone State have not yet been received in the office of education, but the number received to date is not considerably less than was anticipated. Consequently, Pennslyvania is a 100 per cent state to the office of education.

The survey is being conducted to obtain information which can be applied to the nationwide problem of over-supply of teachers. The questionnaire was designed to get a description of the teacher's work, number of teachers in the same building, class in school, other school responsibilities, training, sex, martial status, type of community, experience, employment, salary, degrees, semester credits earned, if new in school, where from and teaching load.

The national survey of the education of teachers is expected also to reveal how well qualified American teachers are for their work, according to the variety of work and variety of community and for the various states.

Seek To Speed Up Trial At Detroit

Judge Warns Prosecutor And Defense That Buckley Slaying Trial Must Not Drag

TRIAL IS NOW IN SEVENTH WEEK

(International News Service)

DETROIT, April 7.—Michigan's $500,000 court drama—the trial of Ted Pizzino, Angelo Livecchi and Joe Bommarito, three alleged gangsters, for the first degree murder of Gerald Buckley, radio idol—entered its seventh and perhaps its final week today.

Judge Edward J. Jeffries again warned both defense and prosecution attorneys that "proceedings must be speeded up."

Interest in the court battle centered on the questioning of Robert Jackson, Negro porter at the LaSalle hotel where Buckley was "put on the spot." Jackson, who identified Pizzino and Livecchi as two of the slayers, was recalled to the witness stand after defense attorneys charged that discrepancies existed in his testimony.

Prosecutor Harry S. Toy declared that the state would rest its case either today or tomorrow. Defense attorneys declared that their case would consume only about three days. Pizzino, Livecchi and Bommarito, will not take the stand, defense attorneys indicated.

Spring's Charms In Colors Makes Captivating Flowers

Summertime cannot deck your garden in her rainbow colors if you fail to plan now just where each group is to be located. If you put off this planning another season you are sure to regret it all through this summer as the different flowering periods come and go.

The first spring blooms sound the call to the colors. Gay tulips and other spring flowers put on a remarkable show. But what will follow them? The answer is up to you. There are hardy flowers which can be depended upon to provide waves of color through the border in every blooming month if a little thought is given to their selection and placing. Plant them this spring.

Now that the warm spring days are here every true gardener knows what that means—a chance at last to work outdoors amid the glories of a newly awakened garden. But what of the plans for new planting to bring bright and cheerful color into the flower border?

With the interesting masses of varying greens . . . the captivating charm of perfumed blossoms . . . . the blue sky overhead . . . the restful sweep of open lawn—what a pleasing picture can be created. But no matter how artistically designed nor how carefully arranged, if it lacks the radiant loveliness of colorful flowers your garden picture will be somewhat commonplace and lifeless.

KOPPEL

LEAVES FOR NEW YORK

Miss Leone Stewart of Koppel, a senior of Geneva college, left Monday morning with the Geneva Girls' Glee club for New York City. The glee club is to present a series of concerts during this trip.

RESUMES SCHOOL WORK

The following students of Koppel who have spent their Easter vacation with their parents have returned to their respective colleges: Miss Ruth Shaner to Slippery Rock, Albert Weber to Pen State and Alfred Coliazzi to Pitt.

ACCEPTS POSITION

E. Lunde of Koppel has accepted a position with a firm of Passaic, N. J. He left for that city Saturday evening where he shall begin work immediately.

REMAINS AT HOME

Miss Beatrice Sherman, a student of Slippery Rock State Teachers college, is unable to return to college immediately after having spent her Easter vacation with her parents, but she intends to resume her school work within a very short time.

RETURNS HOME

Miss Longworth of Fort Wayne, Ind., has returned to her home after visiting with her sister, Mrs. S L. Burson of Koppel, for a week Jean, daughter of Mr. and Mrs. Burson, accompanied Miss Longworth on the return trip and will visit with her grandparents.

KOPPEL NOTES

Mr. and Mrs. E. Coliazzi of Koppel were Pittsburgh visitors Saturday.

Grace Law and Edythe Blythe of Koppel participated in an Easter program given at the Bell Memorial church of Hazeldell, Sunday evening.

Miss Roberta Haswell and Jeannette Lanigan spend Saturday at Pittsburgh.

Evelyn Miles and Myrna Rosenkranz of Ellwood City attended orchestra practice which was held at the home of Miss Blythe in Koppel.

Mrs. E. McBride and daughter Margaret of Koppel spent the week-end with her sister at Monaca.

Soviet Russia's Red Army is as much a political school as a military force.

Methodist Pastor To Preach Tonight

The Rev. Samuel Stiner of the Arlington Avenue Free Methodist church will bring the message at tonight's service in the City Rescue Mission at 7:30. His subject was not announced.

The superintendent, the Rev. B. J. Watkins, will conduct the opening song service.

On Wednesday evening the sermon will be preached by the Rev. F. E. Stough, pastor of St. John's Lutheran church.

HIGHLIGHTS OF HISTORY

By J. Carroll Mansfield

2. Lewis And Clark—Americans On The Mississippi In 1800

THE TREATY OF PARIS (1783), THAT ENDED THE REVOLUTIONARY WAR, GAVE THE AMERICANS THE RIGHT TO FREE NAVIGATION OF THE MISSISSIPPI, WHICH WAS THE ONLY OUTLET TO THE SEA FOR THE EXPORTS OF THE WESTERN FRONTIER COMMUNITIES . . . . . .

AT THAT TIME THE PORT OF NEW ORLEANS AND BOTH BANKS OF THE LOWER MISSISSIPPI WERE OCCUPIED BY THE SPANIARDS, WHICH MEANT THAT THE AMERICANS HAD TO ENTER SPANISH TERRITORY IN ORDER TO TRANSFER THEIR FLATBOAT CARGOES TO THE LARGE SAILING SHIPS. ©, 1931, BY J. CARROLL MANSFIELD

HOWEVER, IN 1795 THE UNITED STATES HAD MADE A COMMERCIAL TREATY WITH SPAIN, WHICH GAVE THE AMERICANS THE RIGHT TO LAND THEIR GOODS, FREE OF DUTY, ON THE SHORE NEAR NEW ORLEANS, WHERE THEY COULD BE LOADED ON OCEAN-GOING VESSELS. THIS PRIVILEGE WAS TERMED THE "RIGHT OF DEPOSIT". . . . . .

ON THE LEVEE AT NEW ORLEANS-1800

DESPITE THIS ARRANGEMENT THERE WAS MUCH HARD FEELING BETWEEN THE AMERICANS AND THE SPANIARDS. NEW ORLEANS WAS ALWAYS CROWDED WITH STALWART AMERICAN FRONTIERSMEN, WHO FREQUENTLY ENGAGED IN SAVAGE BRAWLS WITH THE SPANISH SOLDIERS. 368

Pay Fitting Tribute To High School Five At Banquet Monday

Dr. H. C. Carlson Of Pitt University Is Principal Speaker Of Evening

Dr. G. S. Bennett Of First Christian Church Acts As Toastmaster

Toastmaster

DR. G. S. BENNETT

Close to 70 persons gathered in the cafeteria of the George Washington Junior high school on Monday evening at a banquet honoring the 1930-31 New Castle high school basketball team which only recently concluded a most successful season. After the gathering enjoyed a delicious supper, Faculty Manager Ralph H. Gardner turned the program over to Dr. G. S. Bennett, pastor of the First Christian Church, who acted as toastmaster.

The principal speaker was Dr. H. C. Carlson head coach of basketball at Pitt University.

Dr. Bennett opened the program by paying a tribute to Mr. Gardner and Dr. Carlson. In commenting on the Pitt teams, the toastmaster cited the fact that Dr. Carlson's teams have more high school spirit than any college quintet he has ever seen, this causing the success of Pitt teams.

Wainio Speaks

In speaking of the New Castle high team, Dr. Bennett stated that this year's team was a "surprise." This team exceeded expectations the toastmaster said.

The first speaker was Francis Wainio, co-captain of the team. Wainio congratulated the second half team for its success. He said that it was a pleasure to play with such a group of fine team mates. After thanking Coach Bridenbaugh for the interest he took in him, Wainio concluded by wishing next year's team success.

Luther Rowe who also was co-captain was next called upon for a few remarks. Rowe said that it was a pleasure to play under the guidance of such a group of men as Coach Bridenbaugh, Thomas and Klee. He closed by saying that these men are real fellows.

Nick Uram, second half captain was the next speaker on the program.

Uram said that Rowe, Wainio, Mc Auley and Grommes who were lost to the team after the first semester were missed. Uram stated that prospects for a good team next season are bright.

Toastmaster Bennett next introduced Miss Helen Haines, captain of the Girl's team of the high school. Miss Haines said that she was glad to be captain of such a fine number of girls. She complimented Coach Miss McGoun and closed by thanking Mr. Gardner for extending an invitation to the girl's team to attend the banquet.

Real Athlete

Following Miss Haines's speech, A. C. Hyde a member of the Athletic Council was next called upon.

"A real athlete is one who gives all he has," Mr. Hyde said. Mr. Hyde stated that this season's team was his ideal because he believes the boys were real athletes because they gave all they had. Mr. Hyde described the games at Pittsburgh and made several remarks concerning the officiating.

Bridenbaugh Speaks

The next speaker was Head Coach Phil H. Bridenbaugh. Coach Bridenbaugh eulogized the basketball team for its success. "It was the fight that carried the boys through", Bridenbaugh said. He cited the fact that the boys who were ineligible at the end of the first semester were as good as any in the W. P. I. A. L. tourney or in the state tournament. Mr. Bridenbaugh complimented John Grommes by saying that Grommes is one of the best centers turned out at the high school.

Mr. Bridenbaugh stated that if New Castle was represented by the same team that started the season, he believes that the championship of the league would have been a toss up between Scott and New Castle. In regard to next season, Coach Bridenbaugh said that the outlook is bright. After wishing the departing boys success ond commending the girls team the local coach closed by saying that he was glad that Dr. Carlson was present at the banquet.

Dr. Bennett introduced William Kowallis, Pitt floor star, to the gathering. Kowallis is the former high school player who enacted a great role in New Castle's defeat in the championship game several years ago.

Dr. H. E. Zerner was next called upon. Dr. Zerner said that he hopes New Castle high defeats Duquesne on its merits.

Dr. Carlson Speaks

Dr. C. C. Green, superintendent of schools was the next speaker. Dr. Green congratulated the team for the successful season which it compiled.

Dr. Bennett introduced next Dr. H. C. Carlson, of Pitt University, the principal speaker of the evening.

Dr. Carlson commenced his address by stating that it was a pleasure and an honor to be present at such an affair. "New Castle has an enviable name in athletics throughout this district", Dr. Carlson said. In speaking of what part athletics play today in the institutions the Pitt mentor cited the fact that "Athletics are a great part of the curriculum of every institution. Athletics are just as important as any other subject.

Athletics give the boys inspiration to conquer, to better themselves, to cooperate and to give the best they have in them..

Dr. Carlson stated. He also said that basketball is a young game and is played in 18 different countries at the present time by approximately 20,000,000. He said that errors in basketball are greatly magnified.

Dr. Carlson's speech was very interesting and was enjoyed by the gathering. This concluded the speaking part of the program. Dancing was in vogue until a late hour. The music for the occasion was furnished by the Ben Franklin Junior high school. The New Castle high school girls team were the guest of Faculty Manager Ralph H. Gardner.

The affair was a success in every detail.

Those present included; Mr. and Mrs. J. B. Douthett, Mr. and Mrs. A. W. Bauman, Mr. and Mrs. D. B. Woolcock, Dr. and Mrs. H. C. Carlson, Mr. and Mrs. John Elliott, Dr. and Mrs. John Q. Woods, N. P. Nelson, Miss Marjorie Rhodes, William L. Klee, Mr. and Mrs. George F. Thomas, George Winter, Gretchen Smith, Clarissa Duff, Ed. Marvin, Shirley Gordon, Robert Sypher.

Jackie Ward, Frances Amon, Regis Ralph McAuley, Johnnie Uram, Eva Brown, Jimmie Shaffer, Mary McAuley, Irene Connors, Hazel Smith, Helen Hazel Keck, Mildred Dewberry, Sally Lou Byers, Mary Ruha, Maxine Stickle, Johnnie Grommes, Margery Dewberry, Charles Kay, Bud Hanlon, Elmer Wainio, John Teplica, Ed. Rumbaugh, Dorothy Young, Francis Wainio, Ann Armand.

Mr. and Mrs. A. C. Hyde, C. C. Green, Mr. and Mrs. Frank L. Orth, Dr. and Mrs. G. S. Bennett, Ralph H. Gardner, W. S. Kowallis, P. H. Bridenbaugh, Betty Bridenbaugh, Dr. and Mrs. H. E. Zerner, Helen Haines, Luther Rowe, Nickie Uram, Jane Leicht, Miss Stiphanie Solvesky and Charles Landolf.

Eighty Gridders Out For Spring Training On Monday Afternoon

Coach Phil Bridenbaugh Looks Over Material; Opening Practice Light

Fifty Candidates Also Start Training For Coming Track Season

Monday afternoon marked the opening of spring football training for the New Castle high school football candidates at Taggart field. Coach Phil H. Bridenbaugh's call was answered by some 80 gridders, who hope to be among the first 11 to be selected to oppose Erie Academy on April 24 in the night spring game here. The practice yesterday was a light one, with calisthenics and preliminary exercises taking up all the time.

Starting with today the drills will be different. Coach Bridenbaugh, after casting an eye over his prospects, gave a smile of satisfaction. Most of the veterans from last season were present for the opening drills. Andy Lasky was missing from the initial practice due to an operation which he underwent last week. Whether he will report for spring training or not is not known as yet.

The material is divided. Some boys are experienced, while others have yet to learn the rudiments of the game. Scrimmages will probably get under way the latter part of the week. There remains but a short time until the classic in spring will be played. Coach Bridenbaugh has a lot of work ahead of him and stated that he is not going to lose any time.

Assisting Mr. Bridenbaugh are "Gig" Thomas, William Bender, Andy Beres, LeRoy Turk and Dick Thomas. The student managers are William Offutt and Tom Hawkins. Heber Baldwin is assistant student manager.

Track Men Start Work

While the football candidates occupy one section of Taggart field, some 56 athletes started training on Monday for the coming track season, according to William L. Klee, who is in charge of the boys. New Castle's first meet comes on May 2.

Coach Klee stated that the material appears to be promising, with several of last year's boys out again. Those out for track are as follows: Greensburg, Saul, Brown, Suicu, Hibbard, Clements, McClurg, O'Laughlin, Kleam, Campbell, Augustine, Heasley, Burler, Reynolds, England, Mackmik, Kowski, Karki, Kiwo, Auksztulewicz, Powell, William Clements, Mooney, James, Tantilla, Evans, Hanlon, Malchoutsis, Atkinson, Boyee, Johnson, Zakasnik, Melder, Kerr, Jones, Rodgers, Martin, Rosen, Templica, Kyle, DiLetto, Workman, Wainio, Donley, McClure, Janovick, Donnell, Dazzio, Coluluca, Gordon, McBurney, Howe, Scarazzo, Chill, Lucidore, Loy.

JOE ALEXANDER TO PILOT ROCCO

Ellwood City Heavyweight To Be Guided By Local Man

Joe Alexander, former ball player and a close associate of the late Joe Cumo, former manager of Emmett Rocco, Ellwood City, today confirmed reports that he will pilot Rocco. Rocco, it is understood, told Al Zill last week that he wished another manager and Zill agreed to the move. Emmett discussed the management with Alexander and Joe accepted the post.

Alexander is a former ball player and when Joe Cumo discovered Rocco, Alexander gave him assistance in getting him started. On several occasions Alexander acted as an adviser when Rocco fought.

At present Rocco is under suspension as illness prevented him from honoring a contract to fight Benny Touchstone, a week after Rocco battled Joe Sekyra here.

Alexander said today that as soon as Rocco reached the condition he desired he would notify the ring officials that Emmett would be ready to honor the contract.

Dempsey To Take Needed Vacation

Jack Dempsey Announces Retirement From Refereeing For Two Months

IS NERVOUS AND LOSING WEIGHT

(International News Service)

COLUMBUS, O., April 7.—Jack Dempsey, former heavyweight boxing champion of the world, is going into "complete retirement" for at least two months, he stated here today.

"It's doctor's orders," the manassa mauler said, and announced that his last public engagement will be tonight at Wheeling, W. Va.

Although Dempsey appears in perfect health, he admitted that he does not feel well and that the difficult routine of one-night stands, which he has been pursuing as a referee of boxing and wrestling contests throughout the country is the most trying work he has ever experienced.

Nervous condition and persistent loss of weight, necessitating a complete rest is the cause of his trouble and the two month's "rest cure" prescription, according to his physicians.

Mike Mauser Wins All-Events Title

Youngstown Tenpine Bowler Who Rolled 300 Game Here, Wins Crown

Mike Mauser, of Youngstown, O., well known in this city, won the All-Events title at the American Bowling Congress, which has concluded at Buffalo, N. Y. Mauser hit 1,966 for nine games, to cop the official world's title in tenpin bowling.

It will be recalled that Mauser several months ago rolled a perfect 300 score at the Seventh Ward alleys in this city. Mauser is no youngster, and has been attending the Congress tourneys for many years. He is recognized as one of the best tenpin bowlers in this section of the country.

Billy Jones Wins Over Rosenbloom

Philadelphia Colored Battler Hands Lacing To Champion Maxie

JONES PUNCHES IN GOOD STYLE

(International News Service)

PITTSBURGH, April 7.—Maxie Rosenbloom, light heavyweight champ was a less cocky battler today following the decision of two of three judges that Billy Jones was a better man than he was last night in the course of their 10-round melee here.

Although the championship was not at stake, both fighters exceeding the light-heavy limit, Jones, a colored boy, punched away with more earnestness than the champ to receive the decision. Rosenbloom, expert enough when he wanted to be fought listlessly through most of the jabbing match, except for flashes of top-notch form. One of these came in the ninth round, when he plastered Jones at will, with sharp rights and lefts.

Jones' best round was in the eighth, a red blotch showing up over Maxie's eye as a result of inside punching. The early frames went Jones' way too, although the margin of victory was slight.

AMATEUR BASEBALL

All Star Reserves handed the Clenmore nine a 6-5 defeat in a game played on the Washington field on Monday. Thornton on the mound for the winners limited the Clenmore team but 8 hits while Hill was touched for 9 bingles.

Dies Suddenly On Neighbor's Porch

MONONGAHELA, Pa., April 7—John R. Spence, 77, of Monongahela, died suddenly on the porch of A. J. Allridge, as he approached the door to call Joseph Allridge, whom he was to accompany to work at a city park. Apoplexy caused his death.

Life Of Knute Rockne — 5th Instalment — By R. J. Scott

Written for Central Press
By W. R. WALTON

KNUTE ROCKNE'S rapid rise to gridiron greatness as a coach made him one of America's most outstanding national figures. As such he found himself in constant demand by the public. Football fans wanted to see and hear about Rockne in football season and out.

This situation, of course, created many opportunities to add to his income. And Rockne, with three husky young sons and a daughter as well as a wife to provide for, like any other father and husband, took natural advantage of these opportunities for the well-being of his family.

One source of income, aside from his comparatively small salary as football coach, was lecturing. His dynamic, witty talks made him a much-sought after dinner speaker and he was kept busy during the off season appearing at banquets and luncheons.

* * *

THOSE millions who could not see Rockne in person came to know the coach's voice through the medium of his many radio broadcasts, which, by last autumn had become weekly affairs.

Rockne's writings were another medium by which he talked to the host of football fans and others. At his death he had already written an autobiography and many magazine and newspaper articles.

Only last autumn Rockne became identified with a South Bend brokerage firm. He immediately took a keen, active interest in this new enterprise of his.

Having already made one series of instructive football motion pictures Knute was on his way to the coast to discuss the production of more talkies when the transcontinental plane in which he was riding fell and ended his career.

In these years Rockne's myriad duties and interests astounded even his closest friends.

"How does Rock stand up under the strain?" they asked.

There was but one answer—Rock possessed amazing, boundless energy.

Final Flight.

Cards-Dodgers Set Fast Pace

Championship Athletic Team Does Not Look So Hot In Training

CUBS FIND COAST TEAMS ARE TOUGH

By LES CONKLIN
International News Service Sports Writer

NEW YORK, April 7—Of the clubs picked to finish one-two-three in the big league pennant races which get under way one week from today, Connie Mack's championship Philadelphia Club is the only team which finds itself on the wrong side of the ledger today in the exhibition game records.

Although the Athletics managed to take a close one from the Phillies yesterday, they still are one down to the Phils in the city series. The A's have won ten games this spring against eleven defeats.

Cards-Dodgers Best

The St. Louis Cardinals and the Brooklyn Robins continue to set the race. Technically the Washington Senators head the list with ten victories against three defeats. But the Nationals have not faced major league opposition as yet. The Chicago White Sox have won nine of eleven starts against minor league outfits, but have taken it on the chin six times in ten games with the New York Giants.

Boston's Red Sox cracked during the past week, and the Chicago Cubs also found the going rougher. "Red" Worthington of the Boston Braves, with 47 hits in 67 times at bat for a neat average of .701 in seventeen games against major league pitching, has outshone all other rookies on the big league squads.

The American League holds a one game edge over the national in interleague titles, having won 21 games from representatives of the older circuit while losing 20.

Chicago Bombing Is Investigated

(International News Service)

CHICAGO, April 7.—Police today were investigating the second bomb explosion here in as many days.

A black powder bomb exploded at a dairy company last night, breaking a window and dislodging bricks, but caused slight damage.

SAFETIES WIN 27 VICTORIES

Safety Five Floor Quintets Winds Up Season With Only Five Defeats

Safeties Five basketball team ended the 1930-31 season last week by handing the Neshannock Rangers a 23-21 defeat. The record made by this team is an enviable one, 27 victories and only 5 defeats.

This combination was composed of Louis DeGenarro, Albert Briggs, Mike Perrett, Dan DeCarlo, Henry Venditto, Ray George, Rigo Filipone, Ben Gociano and Dominic Cavelli. The outstanding players on the team during the season were Louis DeGenarro, Mike Perrett, and Albert Briggs. The Safeties came through with 765 points to 494 for their opponents.

The record made by the Safety Five follows:

MEET THE MANAGER

BY JACK SORDS

Copyright, 1931, by Central Press

John Collins the old "Shano" Collins, who for many years was a familiar figure in the outfield of American league parks, gets his big chance this year to qualify as a major league manager.

Collins after a successful, though short career as a minor league pilot, has taken up the reins of the Boston Red Sox, one of the clubs for which, in former days, he played. The Red Sox are not a strong team and haven't been for many years. However, if Collins can bring them up out of the cellar and nearer the top of the second division instead of the bottom he will have demonstrated that he is capable of conducting the destinies of a big-time team.

After retiring as a big league player Collins went to Pittsfield, Mass., as manager in 1924. He remained with that club until 1926, when the Eastern league disbanded. Collins then became manager of the DesMoines Western league club and promptly won a pennant for the Iowa city.

Collins came to the big league some 20 years ago as an infielder. Later he tried the outfield and remained in that position until the end of his playing days. He was with the Chicago White Sox during their latter days of greatness, being transferred to Boston about 10 years ago.

Why The Haig Is Master Of Second Shot

By ROY GROVE
Central Press Golf Writer

Copyright, 1931, by Central Press

Getting off the tee never worries the professional golfer.

It is that second shot, that pitch to the pin that makes him frown.

When this combination of strength and delicacy is required there is no greater master than the Ol' Marse Walter Hagen himself.

To help him solve this problem he carries three lofts of mashie niblics in his bag. These clubs may all be swung with the same firmness, but their results differ.

One club may pitch and run while the other may spin and stick.

The roll of the green and the condition of the turf are also big factors when Hagen needs one dead to the cup.

Hagen's stance for this shot is very solid, there are times when he looks absolutely stiff. This is necessary when he realizes that to properly execute the shot he must get the club away ahead of the hands and the left wrist must do the greater portion of the work.

Note how Hagen's arms drop down from his shoulders.

The hip action is virtually rigid throughout the play.

There is no swaying or wiggling when executing this shot to the pin. To loosen up would mean he would lose control of the ball.

The new ball should help Hagen to score well this year. The fact the new pill sits up better than the old one for these shots and also that Hagen is a fine putter, under all conditions, helps him to score and make up for the few bad breaks he has been getting the past two years.

DISTANCE SHORTENED

Wife (who has insisted on a new car)—Just think, dear, how close the auto has brought places formerly quite distant.

Husband (grumpily)—Yes, including our house and the poorhouse.

It is to be seen whether the anti-trust law has a sweet tooth in it.—The Louisville Courier-Journal.

Training Camp Notes In Brief

(International News Service)

MACOM, Ga., — Dazzy Vance flashed his old form as the Robins defeated Hartford 4 to 1. He allowed only three hits in four innings and fanned four.

NASHVILLE — While the New Yorkers won from the Nashville Volunteers yesterday 23 to 3, Myril Hoag got two homers, three singles and drove in six runs.

JACKSON, Mich.,—Two White Sox veterans got credit today for the Chicagoans' victory over the Giants yesterday, 6 to 5. Willie Kamm doubled with the bases filled in the ninth and snatched it for the Alabasters, after Urban Faber, aged 42, did some plain and fancy hurling.

LOUISVILLE, Ky.—The Louisville Colonels took over Cincinnati yesterday 3 to 1. The Reds threatened to score several times but could not get their safe drives with runners on the bases.

CHATTANOOGA, Tenn. — The Washington Senators play their last exhibition game away from home today. They lost to Chattanooga 3 to 2 yesterday.

PHILADELPHIA—Connie Mack's Athletics today bore, for the first time, the flush of victory in their annual city series with the Phillies. Hank McDonald, youthful Pacific Coast hurler, pitched a full nine innings for the A's as the Phillies bowed in defeat, 3 to 2.

BIRMINGHAM, Ala., — Sylvester Johnson and Tony Kauffman today will attempt to regain some of their prestige for the National League champions against Southern League opposition when the Cardinals meet the Birmingham Barons. The Cardinals took it on the chin 6 to 3 from Atlanta yesterday.

KANSAS CITY,—The St. Louis Browns and the Kansas City Blues are scheduled to play the "rubber" game of their three game series today. Each team has won one game, Kansas City evening matters yesterday with a 10 to 3 walloping of the Browns.

GREENSBORO, N. C.—Chances for a baseball game here between the Boston Braves and the Rochester Club, looked slim today. Rain and snow washed out a scheduled game yesterday, and even if the sky cleared by game time today, the field was so poor it was not likely it could be used.

INDIANAPOLIS, Ind.—Poor ball playing by the Boston Red Sox today had marked their third defeat by the Indians, 11 to 6. The Sox got only eight hits, but two Indianapolis hurlers walked 12 men, and the Boston Club left 14 men on bases.

FIGHT RESULTS

(International News Service)

AT NEW YORK—Emil Rossi, New York welterweight, defeated Eddie McKenna, New York (6).

Johnny Ladao, Filipino 116-pounder, knocked out Serafino Troise, New York (3).

AT TORONTA—Johnny Risko, Cleveland heavyweight, defeated Tom Heeney, New Zealand (10).

AT COLUMBUS, O.—Bushy Graham, Utica, N. Y. former bantamweight champion scored a technical kayo over Johnny Farr, Cleveland (8).

AT PHILADELPHIA—Lew Massey, Philadelphia lightweight, defeated Ray Miller, Chicago (10).

Tommy Paul, Buffalo featherweight defeated Phil Zwick, Cleveland (10).

AT HOLYOKE, Mass.—Pete DeGrasse, New York featherweight, defeated Johnny Vacca, Boston (10).

AT MIAMI — Gilbert Costello, Havana bantamweight, knocked out Garner Johns, Tampa, (1).

AT WINSTON SALEM, N. C.—Frankie Wine, Montana, heavyweight, scored kayo over Jeff Carroll, Biloxi, Miss., (7).

AT TAMPA, Fla.—Young Quinterio, Tampa, lightweight, and Sisi Lizardi, Porto Rico, drew (10).

AT TRENTON, N. J.—Joe Sharkey, Battle Creek, Mich., scored technical kayo over Joey Kuhns, Reading, Pa., (9).

AT CLEVELAND—Joey Ross, New York bantamweight defeated Ollie Bartlett, Detroit, (6).

AT NEWARK, N. J.—Frankie Stetson, San Francisco, defeated Tony Lambert, Newark, (10).

That boy of the old poem who stood on the burning deck whence all but him had fled may have been strong in faith but woefully weak in initiative.—The Duluth Herald.

Sharkey-Carnera Battle Arranged

By COPELAND C. BURG
International News Service Sports Writer

NEW YORK, April 7—Jack Sharkey, Boston heavyweight, will battle 15 rounds at Ebbets Field, Brooklyn on June 10 against Primo Carnera of Italy.

That is a positive statement and the men who say they are on the inside of boxing declared today it could stand without qualification.

Of course Sharkey is supposed to be under contract to Madison Square Garden; Carnera is said to be under exclusive contract to the Garden and Carnera is under suspension of the New York Boxing Commission and banned in this state.

Johnson As Promoter

But that is the way they do things in New York. Nothing that is simple is any good here. Everything must be complicated, complex and backed up by a ballyhoo that would make Admiral Byrd's trip to the South Pole look like a second class yacht race.

But the inside information of you please, is that Promoter Jimmy Johnson has a contract for the site, has contracts for the fighters, has an agreement whereby Carnera is to be reinstated and today is ready to auction off the lemonade concession. An arrangement has also been made whereby New York charities will get 50 per cent of the proceeds. This latter business was what was said to have been used to get the commission to promise to reinstate Carnera and his bevy of managers.

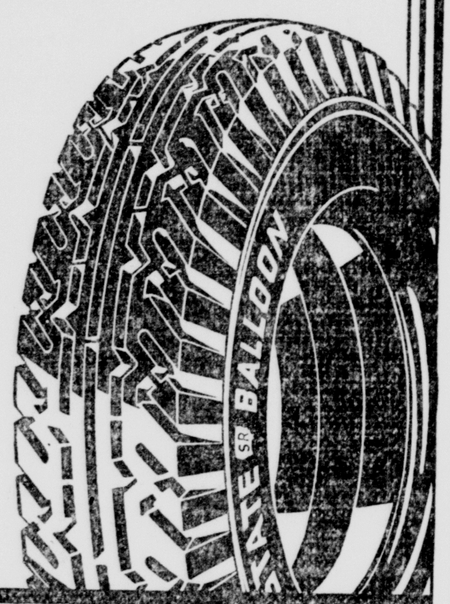

It *Had* to be a Good Tire *to Succeed Like This —*

Five years ago the ALLSTATE Tire was unborn. Today one out of every ten tires sold at retail is an ALLSTATE. An achievement unmatched in tire history.

Of course, ALLSTATE is priced unbelievably low—dollars lower than any comparable tire. Sears' economical method of distribution takes care of that. But price alone could not account for such success. IT HAD TO BE A GOOD TIRE.

It is easy to understand why ALLSTATE is so good. It was designed especially for Sears by the country's foremost engineers and tire designers. Every worthwhile tire has been torn shred from shred to find out its strengths and weaknesses, and the benefit of that knowledge has gone into ALLSTATE.

It is made especially for Sears by the country's foremost tire manufacturer—and the only tire that can compare with it is the one made by that manufacturer under his own name. It is more than a coincidence that the two tires that have had the most outstanding sales records during the past few years, have been products of the same engineering and manufacturing genius.

THE

NEW OLDSMOBILE HAS FINER BODIES-INCREASED POWER *and the* SYNCRO-MESH TRANSMISSION

THE 4-DOOR SEDAN

The many important new features incorporated in the new Oldsmobile are not confined to any one part of the car. Body, engine, and chassis—all provide evidence of the advanced engineering which makes the new Oldsmobile such a remarkable value at its new low price.

Fundamental advancements in construction make its new Fisher bodies unusually strong, quiet, and serviceable. New insulation makes them warmer in winter and cooler in summer. And smart new tailoring and appointments add to the attractiveness and luxury of body interiors.

New features which have been added to Oldsmobile's dependable engine make performance even more pleasing than in the past. New down-draft carburetion brings increased power—with higher speed and faster acceleration. It makes starting in cold weather quicker and easier. And a new carburetor-silencer contributes to quieter performance at all driving speeds.

In addition, new ease of handling is offered by the famous Syncro-Mesh transmission—a feature heretofore found only in higher priced cars. Gears can be shifted quickly and silently at all speeds, without clashing. And Oldsmobile's new Quiet Second Gear assures smooth, swift acceleration which rivals high gear performance in quietness.

These features are typical of the exceptional quality which prevails throughout the entire car. Examination will reveal many others. But only when you take the wheel can you fully appreciate how much these fine car features really add to the zest and thrill of driving the new Oldsmobile.

CONSIDER THE DELIVERED PRICE AS WELL AS THE LIST PRICE WHEN COMPARING AUTOMOBILE VALUES. WE WILL BE VERY GLAD TO DETAIL FOR YOU THE VERY REASONABLE DIFFERENCE BETWEEN OLDSMOBILE'S LIST AND DELIVERED PRICES

Selling Wave Reappears In Stock Market Today

W. S. COUSINS
International News Service Financial Editor

NEW YORK, April 7.—The selling wave which wound up Monday's dull session of the stock market reappeared at the opening of today's market, and carried most of the leaders another notch downward.

Fox Film's new 4-point drop to below 30 followed immediately the announcement of part of the proposed plan of financing the company's $55,000,000 note issue which falls due next week. Wall Street jumped to the conclusion that the bankers elected to the board would trim sails and slice off dividends while the new financing was in progress and the "big bears" threw the stock market quite freely. At 29⅜ Fox was down 4⅛ from yesterday's close and 6 points below the high of last week.

Associated Apparel was another of the Specialties to face heavy selling. The stock, which closed on Saturday at 18 and was not sold yesterday, dropped off 8 points to 10. Purity Bakeries lost 4 points, Vanadium 2, United States Steel fell back to a new low for the year at 136½, but as in the last few sessions the loss was only fractional and nothing for the bears to crow about. Consolidated Gas was down 2 points at 97⅛. Auburn Auto carried the banner for the bulls, opening at 250 and pushing ahead strongly to 258.

General Motors and Standard Oil of New Jersey, two of the favorites in the investment class, made a strong bid for bullish honors in the second hour. Standard moved ahead 1½ to 43⅜, coincident with the announcement that Oil leaders, meeting in Washington, had been in conference with administration heads on the subject of conservation of Crude Oil. General Motors was well bought around 43½.

The market as a whole slowed down and made an effort to rally near the noon hour. Call money renewed at 2 per cent.

Pennsylvania Has Growth In Autos Licensed

Outranks Every State In The Union In Percentage Of Increase Last Year

ONLY FEW STATES SHOW GAIN IN 1930

By ARTHUR C. WIMER
Special Washington Correspondent of the New Castle News.

WASHINGTON, D. C., April 7.—Pennsylvania outdistanced the country as a unit in the percentage of increase of automobiles and trucks and tractors licensed last year as compared with 1929 and was one of the 27 states in the nation reporting such a growth, according to figures made available today by the bureau of public roads.

Registrations of automobiles, trucks and road tractors in Pennsylvania in 1930 numbered 1,753,521, an increase of 20,238 vehicles or 1.2 per cent over the 1929 registrations. Of the 1930 registrations, 1,534,834 were passenger cars, taxis and busses and 218,687 were trucks and road tractors. The state was one of the seven states with registrations totaling a million or more.

Registrations in the country as a whole increased by 0.08 per cent in 1930 as compared with the previous year, this growth being less than that reported by Pennsylvania. Of the 48 states, 27 reported increased registrations, 14 of these listing greater percentage growths than the Keystone state. Ohio recorded a decrease of 0.4 per cent.

Total gross receipts realized by Pennsylvania from registrations in 1930 amounted to $33,112,371, the state ranking second in the country in the amount of such receipts. New York led with receipts of $40,857,715.

Lewis Unable To Estimate Cost Of Highway Program

Secretary Lewis Fails To Answer Questions Asked By Member Of House

DEFINITE COURSE SHOULD BE CHARTED

(International News Service)

HARRISBURG, April 7.—Efforts of Rep. Ellwood Turner, Delaware, to learn just what the cost of the administration rural road program will be and what is to be done about main traffic arteries in the next four years today failed to develop definite information.

In answer to a resolution which Turner sponsored, secretary of highways Samuel S. Lewis today sent to the House answers to nine questions formulated in the resolution. The answers, did not give definite information asked for in Turner's interrogations.

Unable To Answer

One of Turner's queries had asked how much money will be expended in coming bienniums on widening and replacements on the present state highway system.

To that Lewis replied:

"Impossible to answer. Dependent entirely upon amount of money available."

Lewis also gave practically the same answer to the query regarding what the department's plans for improving the 20,000 miles to be taken over and at what rate each year. That, Lewis said, will depend entirely upon the amount of money available.

A house group, of which Turner is one, believes that to improve the 20,000 miles of road to be taken over will cost $300,000,000. Meanwhile, they fear, the main traffic arteries which have been improved in the centers of population will be allowed to deteriorate. At present 3000 miles of road on the system have not been improved and the group also believes it should take priority over mileage to be added at this session.

Pinchot Attacked.

A short time after the legislature reconvened, Rep. Wilson Sarig, Berks, Democratic floor leader in the house, opened an attack on Gov. Pinchot in a resolution requesting the governor to submit to the assembly "reliable date or information on which said unqualified promises were based "regarding the governor's 20,000 mile rural road porgram.

The resolution recited the governor's campaign promises to take over 20,000 miles of township roads as a means of "lifting the farmer out of the mud" and stigmatized the promises as "unqualified and unequivocal and "absurd and impossible of fulfillment."

The administration, Sarig asserted, already "back tracked" on its promises by "qualifications, alibis and 'passing the buck' to the legislature."

Sarig's resolution also demanded that the governor inform the legislature whether he still favored a reduction of automobile registration and drivers' licenses fees.

No Program Made.

HARRISBURG, April 7.—"It is evident that the department of highways has no program or plans and has made up no estimates of income or any budget of expenditures concerning the administration rural road program," declared Rep. Ellwood Turner, Delaware, today in commenting on the answer of Secretary of Highways Samuel Lewis to Turner's resolution asking data on the program.

"We are asked to embark on a plan to take over 20,000 miles of highways without knowledge. Certainly before the act commits the state to such a program, there should be a definite course charted and estimates made so the people of Pennsylvania may know what to expect in the future.

"The governor advised the people these roads could be taken over, the license fees reduced and the roads improved without increasing taxes. Certainly such statements coming from a responsible course, backed by the experience of four years in a former term, should be backed by a definite program, which, it is my understanding, was developed for the highway department prior to the campaign of 1930.

"If that be so, why is it not possible for the department to give us the data, or must we infer the governor made an error? If the secretary of highways want that statement to stand?"

Turner then attempted to recommit the Sheffer bill, providing for a transfer of ten million dollars from the general fund to the motor license fund. His motion for recommital lost, however.

Town Pays Honor To Revolutionary Hero

HINGHAM, Mass., April 7.—Historic Hingham, somewhat belatedly, has erected a boulder and tablet in honor of the memory of one of its most famous native sons.

The memorial is a tribute to Major-General Benjamin Lincoln, Revolutionary war hero, who was assigned by General Washington to receive Cornwallis' sword at the British surrender at Yorktown.

"Fuzzy-wuzzy" was the name given by the British soldiers to a black warrior of the Egyptian Sudan.

Hoover Nomination Assured, Says Brown

Postmaster General Goes Down South To Dispell "Bluff"

Predicts Hoover's Nomination In Coming Convention By Acclamation

By GEORGE R. HOLMES
International News Service Staff Correspondent

WASHINGTON, April 7.—If there ever had been the slightest doubt of President Hoover's being a candidate to succeed himself next year it was effectually dispelled today by the statement of postmaster general Walter F. Brown that Mr. Hoover will be nominated by acclamation in the Republican convention of '32.

Brown is not only a member of the cabinet, but he is also accounted to be Mr. Hoover's political chief-of-staff. Presumably he speaks for Mr. Hoover in things political. In any event, it isn't likely he would make such a statement if he felt it would be repudiated.

For some time, there have been ominous rumblings in the south. Disgruntled republicans in southern states who followed the leadership of Col. Horace Mann in carrying four states of the solid south for Hoover in 1928, only to find themselves later left outside the patronage breastworks, have been threatening to bolt. Mann has declared the southern delegates to the 1932 convention would go uninstructed.

Complete Tour

Brown slipped out of Washington some days ago to find out just what all this rumbling was about. After visiting half a dozen states in the south and southwest, he returned to Washington today with the tidings that it was all a bluff, that the southern Republicans are standing loyally behind President Hoover, and that the only dissention is the normal, healthy scrambling for local leadership that goes on in any political party.

"There will be no opposition to Mr. Hoover in the convention worthy of a name," said the postmaster general. "I predict he will be renominated by acclamation."

Brown himself is credited with an ambition to succeed Charles Curtis on the ticket as vice president. In his behalf it has been urged that he comes from Ohio, an important and so-called pivotal state, which the Republicans must carry in 1932 if they are successful. Few Presidents are elected without carrying Ohio. And it is not forgotten in Republican councils that it was in Ohio last November that the Republicans suffered one of their worst lickings.

Rockne's Death Foundation For Aviation Laws

New York State Legislators Seek To Install Parachutes And Safety Exits

SOME OPPOSITION HAS BEEN VOICED

(International News Service)

ALBANY, N. Y., April 7.—As a direct result of Knute Rockne's death two bills dealing with the safety of airplane passengers faced the New York State legislature today.

One provided that every airplane operated in this state must be equipped with a parachute for each passenger, the second bill provided that after July 1, 1932 every cabin plane must have emergency exits.

"Knute Rockne will not have died in vain if these bills are passed," said Senator John W. Gates and Assemblyman Charles P. Miller, sponsors of the bills.

"We require life preservers and life boats on steamships, so why not be consistent and safeguard passengers in aircraft in a sensible and reasonable way?" they asked.

"We understand the officials of air transport companies operating passenger lines are opposed to equipping their planes with parachutes because of the presumed bad psychological effect on the passengers. Their theory is that when you put a parachute on a passenger you shake his faith in the safety of air travel. We think that is bad reasoning, "the legislators declared, "and, anyway, whether it is or not, such a theory should not prohibit the introduction of a safety device which has proved itself as has the parachute.

Capitol Employees Forbidden To Smoke, Must Act Courteous

Secretary Malone Lays Down Stringent Rules For Guides, Police And Operators

(International News Service)

HARRISBURG, April 7. — Capitol Hill guides, policemen and elevator operators who smoke in the buildings or fail to treat visitors with utmost courtesy, will be "on the spot" in future.

That was the warning before employes "on the hill" today from James F. Malone, secretary of property and supplies.

Although stating that he had heard "nothing but the best" reports concerning guides and policemen, Malone warned the employees to stress courtesy to visitors.

"Remember," said he, "people come here from all over the commonwealth and to them you represent the government. You may think they's yokels and they may ask silly questions but they are taxpayers and they pay your salaries and mine."

Malone told the workers that if necessary, he would appoint a time and place where they may smoke but that smoking on duty and in the buildings was taboo.

"Anyone caught smoking will be fired on the spot," he announced, "and no political influence will be strong enough to reinstate them."

May Be Wet And Dry Vote In Legislature

(From News Bureau)
(State Capital)

HARRISBURG, April 7.—Despite the House law and order committee's successful efforts to smother any bills to modify the Volstead law there may be a wet and dry vote in the lower house before the General Assembly quits for the year. Even advocates of modification or repeal realize the hopelessness of having any of their favorite measures adopted at this session.

The wet and dry roll call is likely to come on a resolution to memorialize Congress to repeal the Volstead law as a means of reducing unemployment. This resolution was introduced some weeks ago by Rep. Rooney of Allegheny county. It was not sent to committee.

Rooney could call the resolution up for action at any time he desires. On a measure of that nature a roll call probably would be requested.

Representative Sowers, of Philadelphia, has sponsored a resolution calling for a federal constitutional convention with a view of eliminating the Eighteenth Amendment. Sowers says he plans to ask for adoption of his resolution whenever it has been printed.

Little construction can come from these tactics except put the members of the House on record on these controversial matters. The other week a roll-call was taken on recommitting a slight change in the blue laws of 1794. This was the first roll call in years.

Corn Borer Proof Corn Is Sought

WOOSTER, O., April 7—The surest method of fighting the corn borer is to develop a variety of corn impervious to its attacks and experiments along this line are being conducted at the Wooster experiment station here.

No corn borer-proof corn has yet been developed C. G. Williams, director of the station admitted but he said much progress had been made in that direction.

Thatcher said breeding experiments, in which certain inbred strains were used, semed to show actual resistance to the borer.
